Honorable Mayor & Members of Town Council
Town of Jackson
Jackson, WY 83001

Dear Mayor Morton Levison and Members of Town Council:

Transmitted herein is the Town's adopted Budget for fiscal year 2023 (FY23) July 1, 2022 - June 30, 2023. Our guiding budget message is *"Investing in public services to support Jackson's quality of life and community character while providing for a stable future."* This budget was prepared in accordance with applicable Wyoming Statutes and Town Ordinances. The last year was filled with a succession of peaks and valleys as we continued to navigate the pandemic and resulting challenges with supply chain issues, labor shortages, and unprecedented spikes in building materials. We collected record amounts of sales tax, but simultaneously dealt with staffing shortages and rising inflation. The efforts put forth by Town staff as a whole, in departmental teams, and as individuals in the organization throughout the pandemic and beyond has been, and is, exemplary.

The goals of the adopted budget are to fund core municipal program services, to direct much needed surplus funds to capital projects affected by historically high construction costs, to complete a thorough assessment of the

Town's compensation structures to recruit and retain quality employees, and to continue to support community priorities that help maintain our vibrant community. Jackson has seen a lot of change in the past decade and the pace of change has picked up in recent years, but our community still remains, and the town intends to continue to support and invest in our neighbors while working to ensure a stable future. We have updated and adjusted our revenue projections to 8% based on local and regional sales, use, and lodging tax collections. The pandemic and its aftermath challenged the Town to find creative ways to meet our community's needs. As COVID-19 continues to loosen its grip, supporting our community priorities is key as we invest in 21st century infrastructure, bolster what we do best as a Town and community, and work to ensure we can recruit and retain a quality workforce for years to come. The FY23 adopted budget presents a balanced, and sustainable plan to utilize our financial resources to maintain our quality community services and lead toward a stable future.

A number of important capital projects our community has supported and is excited to see break ground are being challenged by historically high inflation and construction costs. Projects that need much more funding than originally anticipated include the expansion of the Recreation Center, which will bring an added quality of life to community members through an indoor walking track to provide year round access for activities, expanded court space for youth and adult

activities, a climbing gym, and outdoor splashpad for youth; the Fleet Maintenance Shop, a necessity for the Town to maintain its public transportation vehicles, street maintenance and snow removal equipment; the Stilson Transit Center, which the Town is providing support for knowing that multimodal transportation is key to both a cohesive community and stable future; and upgrades to the emergency management radio and dispatch system.

These are all key components for our community to maintain our high level of life/safety services, our priorities around environmental transportation issues and equal access, and our impressive quality of life. This budget supports these four projects with the Town's current sales tax surplus to ensure they are built and deliver on the promises made to the public. Utilizing this surplus will bring the Town's reserve fund down to 27%, which is similar to what was maintained before the pandemic. At a high level, taxes and other governmental revenue should be put to work for the community rather than being held in reserve, and we are taking this opportunity to do just that. The record-high amounts of sales tax revenues will be used to offset the unexpectedly high inflation and construction costs.

The adopted FY23 budget is focused on revenues and expenditures in five Community Priority areas: Core Services, the Environment, Health & Human Services, Multimodal Transportation, and Workforce Housing. This Community Priority Framework presents a direct, transparent guide for Council and the community to understand the budget and quickly identify where the Town invests its resources. It provides a foundation for Town Council's role as a policymaking body and a guide for staff to balance broad expectations with finite resources.

This budget includes \$40M million to support Workforce Housing, Multimodal Transportation, Health & Human Services, and the Environment, which all contribute to the high quality of life residents expect in Jackson. Services in these areas include safe streets, bike lanes, START Buses and On-Demand service, and workforce housing, providing increased opportunities for community members that work in the valley to also live here. Core services make up \$25.7M million of the proposed budget including vital things like first responders, snowplowing, water, and sewage infrastructure. Today, the Town treats and supplies more water, manages more storm drains, and maintains more public restrooms, parking lots, sidewalks, and roads, and answers more calls for service for Fire/EMS and Police than ever before.

Our community has grown in population and more significantly in expectations from our residents in terms of the standards of

service we consider necessary. In recent years, we have seen exponential growth (45% to 55%) in the need for the core services our community depends on every day. Pre-pandemic, many of our homes sat vacant except for specific times of the year but our new normal is that those homes are now all occupied with residents requesting and needing services. Various Town teams feel the pinch as they are continually being asked to provide more, and various departments requested additional staffing this coming year to meet our community's needs. Additionally, with state funding on a continual decline and demands on the rise, requests from human service agencies are up 20% from last year. The adopted budget covers these increases for our critical human and social service partners.

Whether for a household or a Town, the single most important factor when budgeting is revenue. Due to growth in sales tax, the Town of Jackson is currently on solid financial footing for this year, but as we continue to see expenses rise and the demand and level of service increase, the Town must reinforce the reality of our long-term funding challenges. We continue to explore additional recurring revenue to ensure a stable economic future. Town Council spent considerable time in the last year discussing future funding and determined we would focus on the Specific Purpose Excise Tax (SPET) this year. Though SPET funds do not resolve the Town's longer-term structural funding challenges because they are tied to specific projects, are not recurring, and do not include funding for ongoing maintenance or upkeep once projects are built, they do provide one time revenue to address community priorities expressed through ballot initiatives. The pandemic exacerbated the challenges we were already facing with workforce housing, and it is no secret that one of the keys to retaining and attracting high-quality staff is the ability to provide quality housing. This is why Town Council is supporting a Town Employee Housing proposition as a SPET item in November's election. In addition, the Town has a 'Walkable Community' proposition asking the community to support improvement of walkability and

accessibility in the Town. Beyond SPET, staff will continue to emphasize the need for additional, recurring revenue to ensure a stable economic future and the Quality of Life the community seeks. Capital projects alone will demand considerable increased funding to maintain and upgrade the Town's public infrastructure and assets.

The FY23 budget is the product of a considerable team effort, from front line employees through Department Directors and especially the amount of time and effort expended by Kelly Thompson, Finance Director. Kelly Thompson did an incredible job crunching numbers on short notice, reorganizing programs, and data on a daily, sometimes hourly, basis, preparing spreadsheets for critical analysis, and finalizing documents for budget production. I am immensely grateful for the Town's incredible staff and our commitment to serving our community.

This adopted FY23 budget is presented in two formats, the Priority Driven Budget version with 39 programs, and the line-item budget version for your review and consideration. We look forward to assisting you, presenting data, and framing issues for meaningful Council discussion throughout your review of this adopted budget. We are excited to work with you in implementing the Fiscal Year 23 Budget and using it as a tool to continue to serve our community.

Sincerely,

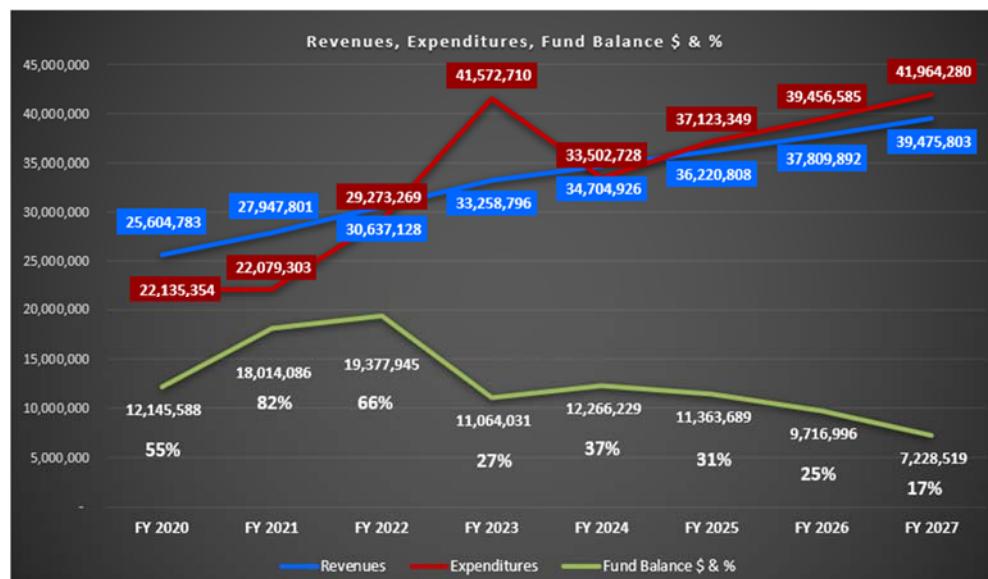

Town Manager, Larry Pardee

REVENUES

Sales and Use Tax revenues continue to be the Town's principal source of revenue, providing 79% of general fund operating funds. Sales and use tax revenue is projected to increase 8% over FY22 estimates as we emerge from the COVID pandemic. Total sales and use tax collections are projected to be \$24.6 million during the fiscal year, up from \$22.8 million in FY22.

Lodging taxes are projected to generate \$1,956,948 during the fiscal year. The visitor impact component of the Lodging Tax (30%) is projected to be \$1,467,711 up from \$1,334,282 in FY22. This revenue is used to fund the START Bus System, Parks & Recreation and Pathways. The 10% general revenue component is projected to be \$489,237 for the fiscal period up from \$. These funds are unrestricted and are placed in the General Fund.

EXPENDITURES

The Town of Jackson's budget is comprised of the General Fund and other special purpose funds including Capital Projects Funds, Special Revenue Funds, Water and Wastewater Enterprise Funds, and Internal Service Funds. The adopted budget for all funds including expenditures and transfers out for FY23 is \$115M, up from an amended \$75M in FY22. This significant increase is due to transfers to capital totaling \$15M and 4 major capital projects discussed below.

The General Fund supports programs and services traditionally associated with government (public safety, street maintenance, general government, planning, etc.), which are not legally required to be accounted for in another fund.

The General Fund Budget for FY23 is \$41,572,710, a \$12.3M increase over FY2022 estimated expenditures. We have included \$1.1M to account for the Town-wide compensation study. Council will approve final allocation of these funds once the compensation study is complete.

As mentioned above, the surplus in reserves in this fund will be directed to capital projects dealing with inflation and high construction costs including \$18M for Core Maintenance Facility, \$6.5M for Recreation Center and a one-time transfer of \$9.6M to the Capital Projects Fund for several major projects.

Personnel: The adopted budget includes 8.4 new FTE requests to help maintain current core levels of service including two new Operators in the Public Works department, a Senior Deputy Town clerk, one full-time community service officer at the Animal Shelter and an additional sworn Code Enforcement officer.

Employee Benefits: The proposed draft budget includes a 6% wage increase and a \$200 bonus. This budget proposes a deferred compensation match increase this fiscal year up to \$1,000 per employee, which approximately is \$85K, and

encouraging employees to plan and diversify their retirement savings.

Health care costs are projected to increase approximately 5%. This cost increase is being driven by claims and increase in participants with FTE growth. This fund has a healthy fund balance, so these costs can be absorbed by the fund without impacting our operational outlook this year. Due to IRS requirements, we will be required to increase employee health plan deductibles.

Special Revenue Funds include the START Fund, Employee Housing Fund, Affordable Housing Fund, Park Exaction Fund, Animal Care Fund, Parking Exactions Fund, and the Lodging Tax Fund. The largest Special Revenue Fund is the START Fund, which accounts for revenues and expenditures for the transit system. Significant items include \$175,000 for developments at May Park and \$11.5M for 19 bus replacements.

Enterprise Funds account for revenues and expenses related to Water and Wastewater utility systems. Enterprise funds are legally required to be supported with user fees and revenues. The Water and Wastewater Funds account for both operating and capital costs for each of these utility funds. The budget plans for \$1.1M in water and \$1.6M in wastewater capital improvements.

Internal Service Funds provide support services on a cost-reimbursement basis. These include Fleet Maintenance, Employee Insurance, Information Technology Services, and Central Equipment including all Town vehicles and heavy equipment examples: police cars, snowplows, frontend loaders, work trucks etc. These funds have little or no external revenue but receive revenue from departmental charges and interfund transfers. Significant capital investments include 10 vehicles, 1 motor grader and LPR upgrades totaling \$1.1M.

Capital Improvement Program (CIP) The 5th cent local option sales tax revenue will be split evenly between the General Fund and the 5th Cent Capital Projects Fund to build new projects and preserve, protect, and extend the life of current public infrastructure and assets. The General Fund will also transfer an additional \$9.8M to shore up a couple of major project deficits. This year, capital projects will be focused on the Capital Projects Fund, 2019 Specific Purpose Excise Tax (SPET) projects and utility funding for FY2023.

This budget includes \$29.7M in capital expenditures. Significant projects include \$23.5M for Core Services Fleet Maintenance Facility, \$6.5M will be spent on Recreation Center, \$743K Communitywide Communications Systems, \$538K for BUILD grant and \$900k will be dedicated to the annual street maintenance program. To fund these large projects as noted the Town will be deferring existing Town capital projects for the next few years.

Transfers This budget recommends transfers of \$17.1M from the General Fund comprised of \$15.3M to the Capital Projects Fund and \$1M to the Affordable Housing fund for the Housing Supply Plan, which can be allocated by Council throughout the year.

Joint Departments focus on operations: Joint Departments continue to grow at notable rates compared to other Town departments. Continued discussions about levels of service, growth, and how joint departments are funded is necessary. Joint department operating request came in at 23%, which was \$1.4M additional ask from the Town General Fund. Effective July 1, 2022, for the first time we will begin funding a portion of the Emergency Operations Center managed by the Teton County at a cost of \$84k. We do not currently have a funding agreement in place for this. Therefore, we are splitting the budget request 54/46 until we work with the County to draft a funding agreement to share in the fiduciary oversight of this department.

Town Profile

The Town of Jackson is located at the southern entrance to Grand Teton and Yellowstone National Parks in the northwest corner of Wyoming. Dramatic mountain peaks, including the Tetons, the Gros Ventres, and Snow King form a dramatic backdrop to our valley (called Jackson Hole). The Town of Jackson is home to approximately 10,760 people and another 12,571 live in the remainder of Teton County.

The current history of the Town continues to change rapidly. As a resort community in a world-class setting in the intermountain west, the pressures for growth, development, and change are tremendous. Yet 97% of the land in the county is public land. Tourists from all over the world, numbering over four million annually, visit the area for the scenery, the wildlife, the recreational opportunities, the geographic features, and the romance of the American West.

The impacts of these trends on the fragile landscape and the small community are incredible. The relationship between people, water, the landscape, and the environment continues to define the region today.

Change occurs so rapidly that it is important that Jackson maintains a sense of its past and its values. The community needs to understand and remember the effects of the evolution of the valley on the human spirit over time, particularly as it defines its future.

The Town of Jackson, incorporated in 1914, is the only incorporated municipality in Teton County. The Town operates under a mayor-council form of government. The council is comprised of a mayor and four councilors all of whom serve 4 year alternating terms. The council appoints the Town Manager, Town Attorney, and Municipal Judge. The Town Manager directs the administrative and operational functions of the Town through appointed department directors.

Tourism and Entertainment

Tourism remains a critical industry in the area, as Jackson is a gateway to both Grand Teton and Yellowstone National Parks.

Area transportation needs are served by the Jackson Hole Airport (JAC) and the Southern Teton Area Rapid Transit (START) bus system. The airport is served by four major airlines and has over 390,000 enplanements per year. START Bus System operates a variety of routes in town and to nearby communities, with a ridership over 1,000,000. The bus system continues to be a convenient and green solution for Jackson and the surrounding area.

Situated in the heart of downtown Jackson is the Jackson Hole Center for the Arts. This \$35 million dollar facility is home to local art, music, and dance organizations that offer year-round classes, openings, and performances. The 500 seat theater opened in the spring of 2007 and is a crown jewel of Jackson.

The National Museum of Wildlife Art, which sits above the National Elk Refuge, opened in 1994. It is home to nearly 5,000 pieces in the wildlife genre. Every year the museum hosts galas, meetings, presentations, and over 60,000 people who come for its art, its views and its ambiance.

The Chamber also hosts the annual Fall Arts Festival which takes place every September. The 35th annual Festival will take place from September 4th to September 15th, 2019 with world-class installments of visual, contemporary, culinary, western and Native American arts. Visitors will once again experience the works of nationally and internationally acclaimed artists, in addition to an exceptional array of music, cowboy poetry and cuisine. More than fifty events, gallery walks, workshops, artist receptions and more round out the eleven-day Festival.

The Jackson area boasts over 60 art galleries ranging from classic, western landscapes to bold modern depictions of the cowboy to stunning wildlife photography. Sauntering around the famous, board-walked Town Square and outlying blocks, the visitors and locals alike enjoy a myriad of artistic choices. Jewelry, furniture, and fine western clothing also play a beautiful role in Jackson's art scene. The Jackson Hole Chamber of Commerce has a full listing of the art galleries in the area.

Jackson's culinary scene is to be rivaled anywhere. High end, exquisite restaurants can be found in downtown, on spacious buttes, and at Teton Village. Peppered in between the Town of Jackson and Teton Village are quaint cafés, family-friendly eateries, and lively

sports bars. Enjoying the choices for eating in Jackson is an activity unto itself.

Lifestyle

Besides being home to two National Parks, Jackson Hole is surrounded by multiple National Forests, the National Elk Refuge, and three world-class ski areas. Cross-country skiing, snowshoeing, and snowmobiling are popular winter sports. Summer activities include hiking, biking and water sports. The Snake and surrounding rivers provide fishing, boating, kayaking and rafting opportunities. There are thousands of miles of trails, and two mountain climbing schools. The area surrounding Jackson is premier hunting country.

For a town of its size, Jackson offers a host of amenities for visitors and residents. The Teton County School District provides excellent K-12 public education and there are three private schools in the valley. The Teton County/Jackson Parks and Recreation Department offers several swimming pools, spas, yoga and other classes, and volleyball/basketball courts for adults and kids. The Snow King Center hosts ice skating and hockey activities. Walk Festival Hall in Teton Village features symphony orchestra performances throughout the summer and special programs during the winter season.

Industry

Jackson's economy is built around tourism and lifestyle. Over four million guests visit each year and more than 500,000 skier days are tallied at the Jackson Hole Mountain Resort, which was Ski Magazine's #1 ranked resort in 2014 and Forbes #1 ranked resort in 2015 and 2016. The abundance of outdoor recreation opportunities, the unsurpassed scenic beauty, the prevalence of many species of wildlife, the lack of individual state income tax, and the high quality of life give Jackson unsurpassed appeal as a place to live, visit and recreate.

Financial Management Policies

Budgetary Practices

Each department prepares its own budget for review by the Town Manager. The budget is approved by resolution of the Town Council at an advertised public hearing. By Town Municipal Code, the operating and capital budgets (together, the "budget") are recommended at the divisional level.

During the year, it is the responsibility of the Town Manager to administer the budget. The Town Manager can propose amendments to the Town Council for the current budget. The Town will strive to adopt an annual General Fund budget in which expenditures, net of one-time expenditures, do not exceed projected recurring revenues. As a management policy, budgetary control is maintained in all funds at the program level by Department Directors.

Budget Process

Overall, the budget process takes approximately five months, ending in June with adoption of the budget for the following fiscal year beginning on July 1. The process begins each January with the Town Council reviewing/establishing the goals upon which the Town's budget will be built. In January, the Town Council, Town Manager and staff meet at a mid-year retreat, during which town-wide goals are discussed and re-affirmed. In February, every department submits its budget to the Finance Department for compilation and eventual review by the Town Manager. From March through April, the Town Manager carefully reviews, evaluates and prioritizes each department's budget submissions for new and additional services, positions, capital projects and supplemental budget requests. During this time, the Finance Department provides the Town Manager with support in studying the revenues and expenditures for the upcoming fiscal year. Typically in March-April, the Town Manager and Finance staff meets with each department in order to conduct a final review of their respective budgets and to resolve any final details. Once all the final issues are decided by the Town Manager, the Finance Department begins to prepare the recommended budget document. The recommended budget is brought forth to the town council by May 15th of each year. At which time the Town Council may direct any revisions to the Town Manager's recommended budget. The Town Council approves the budget at an advertised public hearing in June.

Basis of Budgeting

Budgets for all Governmental Funds (e.g., the General Fund) are prepared on a modified accrual basis. Briefly, this means that obligations of the Town are budgeted as expenditures, but revenues are recognized only when they are measurable and available.

The proprietary funds (for example Water Utility) also recognize expenditures as when a commitment is made. Revenues, however, are recognized when they are obligated to the Town. As an example, revenue from the sale of water is recognized when the service is provided.

In all cases (Governmental and Proprietary Funds), appropriations lapse for goods and services that are not received by year-end. The Comprehensive Annual Financial Report (CAFR) shows the status of the Town's finances on the basis of generally accepted accounting principles (GAAP). In most cases this conforms to the way the Town prepares its budget. Exceptions are as follows:

a. The compensated absences liability is accrued as an expense when earned by employees (GAAP) as opposed to being expended when paid (budget). Currently, the Town pays any accrued compensated absences on an annual basis.

b. Principal payments on long-term debt within the proprietary funds are applied to the outstanding liability on a GAAP basis, as opposed to being expended on a budget basis.

- c. Capital outlay within the proprietary funds are recorded as assets on a GAAP basis and expended on a budget basis.
- d. Depreciation expense and pension liability adjustments are recorded on a GAAP basis only.
- e. Sales of land held for resale are recorded as a gain or loss (GAAP) as opposed to revenue when the land is sold (budget).
- f. Purchases of land held for resale are recorded as assets on a GAAP basis and expended on a budget basis.

Capital Improvement Program practices:

Along with the operating budget, the Town Manager submits a Capital Improvement Program (CIP) to the Town Council. The CIP provides information on improvements to the Town's public facilities for the ensuing fiscal year and nine years thereafter. The first year of the plan establishes a capital budget for the new fiscal year. The remaining nine years serve as a guide for use in determining the long-term capital priorities of the Town. The CIP is recommended at the department level. CIP expenditures are accounted for in a variety of funds including, but not limited to, the Capital Projects Funds and the Enterprise Funds and are funded by a variety of sources. The Town strives to maintain a high reliance on pay-as-you-go financing for its capital improvements in order to maintain debt within prudent limits.

Cash Management/Investment Practices

The majority of unrestricted cash is combined into one pooled operating account to facilitate effective management of the Town's resources.

The Town Treasurer (Finance Director) invests temporarily idle funds in accordance with Wyoming Statutes (W.S. 9-1-416 and W.S. 9-4-831). The Town's investment policy, as adopted by the Town Council is slightly more restrictive. Permissible investments include obligations of the U.S. Government, Federal Agencies, Government Sponsored Enterprises Medium Term Notes, Certificates of Deposit, Bankers Acceptances; Commercial Paper rated the highest quality by the major national rating services, State of Wyoming State Treasurer's Asset Reserve (WYOSTAR) Investment Fund, Repurchase Agreements, and Money Market Mutual Funds. The provisions of W.S. 9-4-820 and 9-4-821 require that banks and savings and loan institutions collateralize all deposits of public funds. The Town of Jackson also requires collateralization of time deposits and repurchase agreements. Banks and savings and loan associations are authorized to use any of the investments as specified in W.S. 9-4-820 and 9-4-821 as collateral. In order to anticipate market changes and provide a level of security for all funds, the collateralization level will be 105% of the market value of principle and accrued interest. Collateral will always be held by a third party. A clearly marked evidence of ownership (safekeeping receipt) will be supplied to the Town of Jackson and retained.

Accounting, Auditing and Reporting Practices

The basis of accounting within governmental fund types used by the Town is modified accrual. Under this method of accounting, revenue is recorded when susceptible to accrual, which is when both measurable and available for the funding of current appropriations.

Further, expenditures are recognized when the related fund liability is incurred. Under the modified accrual basis of accounting, principal and interest on long-term debt are recorded as fund liabilities when due. All enterprise and internal service funds follow the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recorded when incurred.

The Town places continued emphasis on maintenance of an accounting system that provides strong internal budgetary and accounting controls. It is designed to provide reasonable assurances for both the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and reports, such as the budget and the Town's Comprehensive Annual Financial Report (CAFR), as well as the maintenance and accountability of assets.

The Town of Jackson issues a CAFR in accordance with generally accepted accounting principles outlined by the Governmental Accounting Standards Board.

An independent audit of the Town's CAFR is performed annually.

Revenue and Expenditure Policies

The Town will strive to adopt an annual General Fund budget in which expenditures, net of one-time expenditures, do not exceed projected recurring revenues.

A five-year financial planning model, including revenues and expenditures, is prepared annually for all major funds to provide strategic perspective to each annual budget process.

On an annual basis, the Town will evaluate/set fees and rates at levels that fully recover total direct and indirect costs.

If new budget appropriation needs are identified at an interim period during the fiscal year, at the department level, formal budgetary authority will be requested from the Town Council.

When making appropriations, the Town will budget in a manner that uses the most allowable restrictive resources first.

Capital Financing and Debt Management Policies

Long-term borrowing will not be used to finance current operations or normal maintenance.

All debt issued, including use of the lease-purchase method, will be repaid within a period not to exceed the expected useful lives of the improvements financed by the debt.

The Town will strive to maintain a high reliance on pay-as-you-go financing for its capital improvements.

The Town will maintain a minimum unreserved fund balance in the General Fund of 25 percent of General Fund budgeted expenditures and recurring transfers.

Annually, a five-year budget will be developed analyzing all anticipated operating and capital expenditures by year and identify associated funding sources.

TOWN OF JACKSON FY2023 – PROGRAM BUDGET REPORT

Program:

Community Health & Human Services

Mission:

To help address the health, safety, and welfare needs of the community through balanced funding support for and partnership with local health and human service agencies.

Description:

This program supports local health and human service agencies that serve needs in the community not met directly by local, state, or federal government programs through contractual funding.

Cost Recovery:

Historically zero. FY2021 cost recovery is one-time, non-recurring, SLIB CARES Act grant.

Community Values:

Quality of Life - Common Value #3 - Principle 8.1— Maintain current, coordinated service.

Current Level of Service:

Fully funding 16 Social and human service contracts.

Potential Consequences of Funding proposal at Lower Levels:

Reduced funding amounts or fewer contracts would have some impact.

TOWN OF JACKSON FY2023 – PROGRAM BUDGET REPORT

Program:

Community Initiatives

Mission:

To support and enhance initiatives that promote a clean, sustainable, inviting, western, community through specific events or Town initiatives.

Description:

This program provides grant funding to local entities or Town initiatives that promote specific events or enhance the quality of life for residents and guests through recycling, holiday lighting, downtown cleanliness and similar initiatives.

Cost Recovery:

None.

Community Values:

Section 8. Quality Community Service Provision

Current Level of Service:

Several Community Initiative contracts executed and archived within 10 days of receipt from Town Attorney/ Rodeo Annual Report and Rodeo Dates processed annually within 20 days of receipt/ Requested Amendments negotiated and processed within 60 days/ Rodeo Contract Negotiations and Process completed every 4 years/ Downtown trash pickup 7 days/week May – October / 20 Recycling receptacles serviced within downtown core.

Potential Consequences of Funding proposal at Lower Levels:

Reduced funding amounts or fewer contracts would have negligible impact/ Council could change requirement for reports to every 3 years and would result in less time each year/ Could change contract so that no changes were made between signings/ Rodeo Contract Negotiations and Process could be extended to every 6 years/ Downtown trash pickup 3 days/week May – October / 10 Recycling receptacles serviced within downtown core.

TOWN OF JACKSON FY2023 – PROGRAM BUDGET REPORT

Program:

Employee Housing

Mission:

To provide and manage quality, adequate, affordable, and convenient options for housing employees of the Town of Jackson.

Description:

This program administers, manages, and maintains all of the Town owned and master leased employee housing rental units in the community as well as reserves funds for the purchase/construction of additional employee rental units or shared mortgage opportunities through lease preparation and execution, maintenance, budgeting, documentation, inspection, communication and coordination of tenants.

Cost Recovery:

70% of maintenance and operations. Capital outlay and major repairs are subsidized by other TOJ funds.

Community Values:

Principle 4.1 - Maintain Town as the central Complete Neighborhood. Principle 5.3 - Reduce the shortage of housing that is affordable to the workforce employees. Principle 8.1 - Maintain current, coordinated service delivery

Current Level of Service:

Vacancies posted, decisions made, leases executed and processed within 30 days of expiration, termination, or availability.

Potential Consequences of Funding proposal at Lower Levels:

Vacancies posted, decisions made, leases executed and processed within 90 days of expiration, termination, or availability/ If Town sold off units, would result in less time spent overall/ Reduced cost recovery in rental payments due to units sitting vacant.

Mission:

To serve and protect the health, safety, and welfare of residents and guests through proven best practice methods including community engagement, active patrol/community presence, education and enforcement, call response, and traffic control.

Description:

The patrol program utilizes sworn and non-sworn personnel to effectively, efficiently, and actively enforce voluntary and involuntary compliance with enacted laws. The program includes neighborhood policing, call response including 911, patrol related investigation, education and enforcement, special events, and community outreach programs.

Cost Recovery:

Airport contract, Citations, Parking Tickets, Grants.

Community Values:

Policy 8.1.a: Maintain current, coordinated plans for delivery of desired service levels. Policy 8.1.c: Identify barriers to service delivery goals. Policy 8.1.d: Ensure redundancy of services. Policy 8.1.e: Budget for service delivery.

Current Level of Service:

Under 5-minute response times to 911 calls. 4 officers per shift for safety. Proactivity to prevent and reduce possible crime.

Potential Consequences of Funding proposal at Lower Levels:

Call stacking awaiting available officer. Minimal staffing of 2 officers per shift compromising safety of officer and public during multi-calls for service. Reactive policing resulting in less prevention and increased crime rates.

TOWN OF JACKSON FY2023 – PROGRAM BUDGET REPORT

Program:
Cemetery

Mission:
To provide adequate space, accurate records, and a peaceful, well maintained, setting for burials and those visiting gravesites.

Description:
This program provides internment services to deceased residents and non-residents, records management, and perpetual care of the Aspen Hills Cemetery.

Cost Recovery:
Fees

Community Values:
Principle 4.5 - Preserve historic structures and sites

Current Level of Service:
Cemetery deeds sold and processed within 3 days of receipt, 5 deeds sold annually. Ensure & maintain safe operations for digging and backfilling graves, safe access conditions for maintainers and visitors, building or repairing steps, ramps, retaining walls, etc. Maintain grounds - clean deposited sediment from grave sites, repair potholes in access roads, and landscape watering, pruning, etc.

Potential Consequences of Funding proposal at Lower Levels:

No known method to reduce LOS for cemetery deeds/ Reduced dates/times available for interments, as graves can only be prepped and filled during scheduled staff shift work hours/ Upkeep landscaping and access road maintenance activities reduced/ Postponed capital improvement activities save those for safety/ Reduced activities in this realm may create a backlog of needs and increased time/costs to return to a good state of repair after economic recovery is achieved.

**Town of Jackson, Wyoming
Adopted Budget Fiscal
Year 2022-2023
Volume II - Line Item Budget**

A Look at the Budget by Fund

One way of looking at the budget is by fund. A fund is a separate accounting entity created to account for specific revenue and expense activity. The Town of Jackson has several fund groupings, which are reviewed herein. The fund groupings are listed below:

Governmental Funds - funds generally used to account for tax-supported activities. There are five different governmental fund types, including a General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, and Permanent Funds.

- General Fund - one of five governmental fund types that typically serve as the chief operating fund of a government. The General Fund is used to account for all financial resources except those required to be accounted for in another fund.
- Special Revenue Funds - used to account for the revenue derived from specific taxes or other earmarked revenue sources that are restricted by law or administrative action to expenditures for specified purposes. Special Revenue funds of the Town include Affordable Housing, Parking Exactions, Park Exactions, Employee Housing, Animal Care, Lodging Tax Fund and the START Bus System.
- Capital Projects Funds - established to account for resources used for the acquisition and construction of capital facilities by the Town, except those financed by proprietary funds. Capital Projects funds of the Town include those financed with a portion of the 5th Cent sales tax, Specific Purpose Excise Taxes (2006, 2010, 2014, 2016, and 2019), and Intergovernmental (grants, state shared, etc.).
- Debt Service Funds – are used to account for the accumulation of resources for, and the payment of general long-term debt principal and interest. Town has no outstanding general long-term debt.
- Permanent Funds – used to account for and report resources that are restricted to the extent that only earnings, and not

principal, may be used for purposes that support governmental programs.

Proprietary Funds are funds that focus on the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. There are two different types of proprietary funds: Enterprise funds and Internal Service funds.

- Enterprise Funds - established to account for the operations and financing of self-supporting activities of a governmental unit that renders services on a user charge basis to the general public, similar to private business enterprises. Enterprise funds of the Town include the Water and Sewage Utilities.
- Internal Service Funds - used to account for the financing of centralized services to different funds and Town departments on a cost reimbursement basis (including replacement costs). Internal Service funds of the Town include the Employee Insurance (health benefits), Fleet Management, Central Equipment, and Information Technology (IT) Services Funds.

General Fund

The General Fund is the Town's main principal fund, which accounts for all resources and services that are not required by law or management practice to be accounted for in another fund. Currently, the General Fund accounts for revenues by type (i.e. taxes, licenses and permits, fines and forfeitures, charges for services, etc.) and expenditures by function (i.e. general government, public safety, etc.). Functions are divided into departments such as the police department, public works, planning, etc. Some larger departments are divided into divisions (police patrol, investigations). The state-shared 4% sales tax and the 1% local option sales tax combined are the largest sources of revenue in the General Fund, accounting for about 79% of total General Fund operating revenues. The General Fund's largest operating expenditure is personnel (employee wages and benefits) comprising approximately 29% of total fund uses. Transfers out account for 41% of total fund uses.

A Look at the Budget by Fund

The General Fund includes the following functions: 1) General Government; 2) Public Safety; 3) Public Works; 4) Community Health

& Human Services; 5) Community Initiatives; 6) Culture and Recreation; 7) General Unallocated.

General Fund Revenues

General taxes consist of the one percent local option sales tax (5th Cent) and franchise taxes on the gross sales of electricity, gas, cable, trash, telephone, and recycling service in Town. Because the Town has 46% of the County's population, the local option tax is split 46% for the Town and 54% for the County. The 5th Cent sales tax supports General Fund operations and capital projects. Historically, the General Fund retains 50% of the 5th Cent to support operations and

the remaining 50% is transferred to the Capital Projects Fund to fund projects. Both the state-wide and optional local sales taxes are projected to increase by 8% over the 2022 estimate. Most franchise taxes are calculated at 10% of the gross sales of the particular service provided within the community by private entities. As a group, franchise taxes are estimated to remain consistent with FY2022 estimates.

Licenses and Permits revenues are primarily business licenses, liquor licenses and building permits. These three will account for 75% of the total \$994,943 budgeted for all licenses and permits. Building permits are impacted by external economic factors and internal development policies adopted by elected Town officials. Other licenses include contractor and animal licenses and other permits include development, rodeo contract, and grading. The budget shows a 23% decrease due to a couple large permits issued in FY2022.

Intergovernmental revenues typically come from federal, state, and county governments. Some of the revenues are passed through other governmental units, such as federal grants awarded to states, which are then distributed to local governments. Wyoming distributes 31% of the 4% state sales taxes generated locally and varying percentages of gasoline, cigarette, and severance taxes to municipalities throughout the state. The State also distributes a portion of its federal mineral royalties to local governments.

Charges for services for the General Fund are 2% of total fund revenues. The Town charges for water and sewage services, which are accounted for in separate enterprise funds. Further, Teton County provides revenue generating parks and recreation services to the Town. The Town reimburses the county for its share of expenses after revenues are subtracted.

Charges for services includes plan review fees, cemetery fees, vehicle inspections, false alarm response income, and police services. In 2012, the Jackson Hole Airport started reimbursing the Town annually for police protection services. FY2023 amount increases to \$595,000. The school district has historically reimbursed the Town \$65,000 annually for one school resource officer.

Fines and forfeitures account for approximately 1% of the Town's budgeted revenues. The license plate recognition system (LPR) provides more effective parking enforcement.

Miscellaneous revenues account for approximately 2% of the Town's budgeted revenues. The current yield on 2-year U.S. Treasuries has increased to approximately 3.15%. Therefore, interest earnings are estimated to increase significantly from 2022 across all funds. Miscellaneous revenues also include \$291,682 in facility and property lease revenues.

Joint Departments

The Town and County partner in providing single source services to its residents and visitors. The Town provides START Bus (Special Revenue Fund), Victim Services, and Animal Shelter services. The County provides Fire/EMS, Emergency Management, Communication

(Dispatch), Pathways, Parks & Recreation, and Affordable Housing services. The costs of these services (net of revenues) have been historically shared 45% by the Town and 55% by the County based on 2010 Census. This changes to 46% Town and 54% County on July 1, 2022 based on the 2020 Census.

Fund Balance

The fiscal year 2023 adopted budget for the General Fund includes a single, one-time transfer of \$9,773,001 to the Capital Projects Fund. The adopted budget reduces the fund balance \$8,313,914.

ADOPTED BUDGET FOR FISCAL YEAR 2023

Beginning Fund Balance	\$ 19,371,338
Sources of Funds:	
Revenues	\$ 31,126,529
Recurring Transfers In	2,132,267
Non-recurring Transfer In	-
Total Sources	33,258,796
Use of Funds:	
Expenditures	24,414,727
Recurring Transfers Out	7,384,983
Non-recurring Transfers Out	9,773,001
Total Uses	41,572,710
Total Change in Fund Balance	\$ (8,313,914)
Net Operating Surplus (Deficit)	\$ 1,459,087
Fund Balance as % of Total Expenditures	27%

- General Fund net operating revenue shall equal or exceed net operating expenditures. Net operating revenue is defined as total revenue plus any recurring transfers-in for allocated services. Net operating expenditures are defined as total expenditures plus recurring transfers-out to the Affordable Housing Fund.

- Due to the General Fund's reliance on elastic revenue sources and the historical uncertainty surrounding expenditures, the annual General Fund unreserved ending fund balance target is 25% of that year's estimated net operating expenditures. However, General Fund unreserved ending fund balance will always equal or exceed at least 20% of the prior year's net operating expenditures.

Fund balances are important indicators of the Town's fiscal health and management's stewardship. Spending fund balances for on-going operations leads to suboptimal decision making by both policy makers and managers. Additionally, fund balances allow the Town to respond to unexpected events.

Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes.

Affordable Housing Fund

The Affordable Housing Fund accounts for the Town's share of the Jackson/Teton County Affordable Housing Department and for housing developer exactions to be used for the purpose of creating additional affordable and employee housing units. In fiscal year 2017, the fund contributed \$2,100,000 to purchase land which will be leased to the Jackson Hole Community Housing Trust for 50 years to construct the Redmond Street Rental Project. The fund contributed \$1,025,440 in FY2019 and \$1,396,160 in FY2020 to housing supply plan projects.

For FY 2023, the fund will contribute \$381,776 to the Jackson/Teton County Affordable Housing Department. \$1M has been budgeted but unallocated towards a specific housing project. Projected fund balance at the end of fiscal year 2023 is \$4,123,937. This fund balance can be used to purchase property on which restricted workforce housing will be built in accordance with the Housing Action Plan and Annual Housing Supply Plan and is available for Town Council to appropriate.

Parking Exactions Fund

The Parking Exactions Fund accounts for developer parking exactions that are restricted for the purchase of land for parking or for development of parking facilities. Projected fund balance at the end of fiscal year 2023 is \$1,668,980.

Parks Exactions Fund

The Parks Exactions Fund accounts for developer exactions to be used for the purchase of land for parks and pathways or for the construction of park amenities and pathways. \$175,000 is budgeted for May Park and \$35,000 for Karns Meadow Park Master Plan and Conditional Use Permit. Projected fund balance at the end of fiscal year 2023 is \$196,628.

Employee Housing Fund

The Employee Housing Fund accounts for the rental income and rental costs associated with the Town's employee housing program. Operating surpluses, where rents exceed costs of maintenance, are expected to occur and are expected to be retained within the Employee Housing Fund to cover possible future operating deficits, fund long-term maintenance and to expand the program in future years. In 2008, the Town contributed \$1.8 million to Jackson Hole Community Housing Trust, securing six permanent slots for Town employees. In fiscal year 2014, the employee housing fund contributed \$1,200,790 (along with an additional \$450,000 from the affordable housing fund) to purchase land which will be leased to the Teton County Housing Trust for 99 years. The Town will receive three additional rental/purchase first rights of refusal for the developed units. With completion of West Snow King Housing and its 26 units, the Town now owns 47 units. The projected ending fund balance for fiscal year 2023 is \$2,099,829.

Animal Care Fund

The Animal Care Fund is primarily supported by donations for specific animal shelter needs. The projected ending fund balance for fiscal year 2023 is \$492,017.

Lodging Tax Fund

The Lodging Tax Fund accounts for the 30% visitor impact services portion of lodging tax collections. The adopted budget includes a projected 10% increase over the FY 2022 estimate. The FY 2023 adopted budget funds a portion the Town's 46% share of START, Parks and Recreation, and Pathway departments. Projected fund balance at the end of fiscal year 2023 is \$107,724.

START Bus System Fund

The START Bus System Fund (START) accounts for the revenue and expenditures, both operational and capital, associated with the START Bus Transit System.

The financial policies and goals currently established for START Fund are as follows:

- The target for the START balance is 15% of annual operating expenditures. Operating expenditures are defined as all non-capital expenditures plus the indirect cost allocation transfer to the General Fund.
- The Lodging Tax funds the majority of START operating shortfall.

The projected ending fund balance for fiscal year 2023 is \$1,398,261, approximately 15% of operating expenditures. Transit operations are particularly sensitive to changes in fuel prices and parts. FY2023 includes a significant service increase from FY2022 service levels. Please see <https://www.jacksonwy.gov/565/Operations-Plan> for current and historical Operation Plans. For the fiscal year 2023, subsidies from Town and from Teton County are \$3,105,675 and \$3,013,737 respectively. The Town is contributing more than the customary 46% to account for its share of the BUILD grant. Additionally, START is budgeting federal and state revenues for bus acquisitions.

Capital Project Funds

The Capital Project Funds section contains revenue budgets and expenditure appropriations for all capital project funds and the departments within those funds. Capital Project Funds are designed to account for funds that are legally restricted or locally designated to specific capital projects.

Capital Projects Fund (5th Cent)

The Capital Projects Fund accounts for the financing and procurement of design/construction of capital improvements not accounted for in other capital project funds or proprietary funds. The major on-going source of revenue for the Capital Projects Fund is derived from the "5th-cent" transfer of sales tax from the General Fund. Other revenues include SPET revenues and state and federal grants.

Wyoming legislators biennially pass legislation distributing state-shared revenues to Wyoming local governments. "Over-the-cap" state-shared revenues for 2023 are forecast to be \$289,487. This is \$29,913 more than FY2022. These "over-the-cap" revenues will be used for capital projects.

The financial policies and goals currently established for Capital Projects Fund are as follows:

- The Capital Projects Fund historically receives a portion of the 1% Local Option Tax (5th cent) from the General Fund on an annual basis. For FY 2023, the annual transfer consists of 50% of the 1% local option tax collected. The budget also includes an additional, one-time \$9.8M transfer from the General Fund to the Capital Fund to account for several significant project increases.
- A Five-Year Capital Improvements Plan will be adopted and updated annually and will include all projects that anticipate funding from the 1% Local Option Tax (5th-cent), the Specific Purpose Excise Tax (6th cent), other capital project funds, the Utility Funds, and all developer exactions.
- The projected ending fund balance for fiscal year 2023 is \$2,087,045.

The Town's Five-Year Capital Improvements Plan is a separate document with separate request and approval processes.

2006 Specific Purpose Excise Tax (SPET) Fund

The 2006 SPET Fund accounts for the 2006 authorization of Specific Purpose Excise Tax (6th-cent sales tax) revenue that is restricted to general parking and pedestrian projects. The fiscal year 2023 budget is projected to close out the fund.

2010 Specific Purpose Excise Tax (SPET) Fund

The 2010 SPET Fund accounts for the 2010 authorization of Specific Purpose Excise Tax (6th cent sales tax) revenue that is restricted to the START facility (\$3.25M), pedestrian improvements (\$1M) and energy projects (\$3.79M). The fiscal year 2023 ending fund balance is projected at \$128,708. Remaining funds are only available to fund energy projects.

2014 Specific Purpose Excise Tax (SPET) Fund

The 2014 SPET Fund accounts for the 2014 authorization of Specific Purpose Excise Tax (6th cent sales tax) revenue that is restricted to projects related to Fire/EMS (\$2.5M), specific street projects (\$3.25M), as well as pathway (\$3.5M) and Town storm water projects (\$250K). The fiscal year 2023 ending fund balance is projected at \$3,345,789.

2016 Specific Purpose Excise Tax (SPET) Fund

The 2016 SPET Fund accounts for the 2016 authorization of Specific Purpose Excise Tax (6th-cent sales tax) revenue that is restricted to mitigation for the West Broadway Landslide. Landslide mitigation was completed in the fall of 2018. Ongoing expenditures will include monitoring the landslide. The fiscal year 2023 ending fund balance is projected at \$310,697.

2019 Specific Purpose Excise Tax (SPET) Fund

The 2019 SPET Fund accounts for the latest authorization of Specific Purpose Excise Tax (6th-cent sales tax) revenue that is restricted to Core Services Vehicle Maintenance Facility (\$18.5M), Town of Jackson Downtown Water Quality Improvement Infrastructure – Cache Creek Project (\$2M), and Gregory Lane – Street, Stormwater and Sewer Infrastructure, and Safe Route to School (\$8.5). The fiscal year 2023 ending fund balance is projected at \$4,554,578.

Enterprise Funds

The Water and Sewage Utility Funds operate as enterprise, or business-type, funds that account for resources used to provide water and sanitary sewer service. The Town develops, records, monitors, and reports its budget on a modified accrual basis for all funds, including the Utility Funds. The budgets for the Utility Funds are produced in a manner similar to those of the General Fund, Special Revenue Funds, and Capital Project Funds. This allows certain Utility Fund transactions, such as asset purchases and principle payments on debt, to be recorded as expenses and to be subject to appropriation.

The working capital in the Water Utility Fund is projected to decrease by \$151,404 during fiscal year 2023. The working capital in the Sewage Utility Fund is projected to decrease by \$819,317 during fiscal year 2023. The projected ending working capital balance for the Water Utility Fund at the end of fiscal year 2023 is \$6,808,735. The projected ending working capital balance for the Sewage Utility Fund at the end of fiscal year 2023 is \$5,003,278. The Utility Funds currently have sufficient working capital balance reserves (\$11.8 million, combined after FY2023).

In FY2021, a comprehensive rate and capacity study was completed to develop a rate structure that incorporates current service expansion and plan for future growth 20-30 years from now. These rates were effective July 1, 2021. There will be rate reviews with potential adjustments on an annual basis going forward.

Internal Service Funds

This proprietary fund-type may be used to report any activity that provides goods and services to other funds, departments, or agencies of the primary government (Town of Jackson), or to other governments, on cost-reimbursement basis. The Town has four internal service funds: Employee Insurance Fund, Fleet Management Fund, Information Technology Services Fund, and Central Equipment Fund.

Employee Insurance Fund

The Employee Insurance Fund accounts for all costs of the employee health insurance plan. Employee Insurance Fund revenue is generated from charges to all funds containing employee benefit costs: General, START Bus System, Water Utility, Sewage Utility, and Fleet Management. The charges correspond to the amount of each fund's employee health care costs. This funding method attempts to moderate the annual fluctuations to each fund for employee health care expenditures.

The fiscal year 2023 budget projects a 12% increase in plan member coverage costs compared to the FY 2022 estimate. This is due to increasing FTE's and inflation. Because of a healthy fund balance, the health plan internal charge rate to the respective funds is increased 2% from FY2022 levels.

The projected fiscal year 2023 ending fund balance of \$1,902,238 is sufficient to meet all "stop loss" insurance requirements.

Fleet Management Fund

The Fleet Management Fund provides fuel and maintenance services to both the Town and County. The largest customer is the START Bus System. The fund maintains fuel and parts inventories and employees a fleet manager and five mechanics. The projected FY2023 ending fund balance is \$15,036.

Central Equipment Fund

The Central Equipment Fund accounts for the accumulation of resources to be used for the replacement of vehicles and heavy equipment.

The financial policies and goals currently established for Central Equipment Fund are as follows:

- The target for the Central Equipment Fund shall allow for the timely replacement equipment as projected over a ten year planning horizon.
- Annual contributions from participating divisions shall be equal to the annual depreciation calculated on the acquired equipment plus an inflation factor.

The estimated value of all vehicles and heavy equipment (excluding START Bus System and enterprise funds) is approximately \$5.1 million. Accumulated depreciation on central equipment fund assets is approximately \$2.5 million. The adopted budget purchases 10 vehicles and 1 piece of equipment totaling \$867,400. The projected ending working capital balance for the Central Equipment Fund at the end of fiscal year 2023 is \$608,892.

Information Technology (IT) Services Fund

The IT Services Fund pools IT related costs and distributes them to each division by user. Pooled costs include hardware, software, communications, and contract maintenance costs. Personnel costs remain in the general government function of the General Fund.

The financial policies and goals currently established for IT Services Costs are as follows:

- The target for the IT Services Fund unreserved fund balance shall allow for the timely replacement of hardware and software as projected over a five year planning horizon.
- Annual contributions from participating divisions shall be equal to the annual depreciation for hardware and software plus communications and contract maintenances costs distributed to related division by the number of users.

The fund balance continues to lag as a result of new, first-time capital purchases to maintain current with changing technology. Therefore, internal rates were increased by approximately 16% to enable the fund to be self-sufficient. Upgrading the License Plate Recognition system at a cost of \$220,000 is the major project scheduled for FY2023. The projected ending fund balance for the IT Services Fund at the end of fiscal year 2023 is \$789,766.

SALES TAX REVENUE

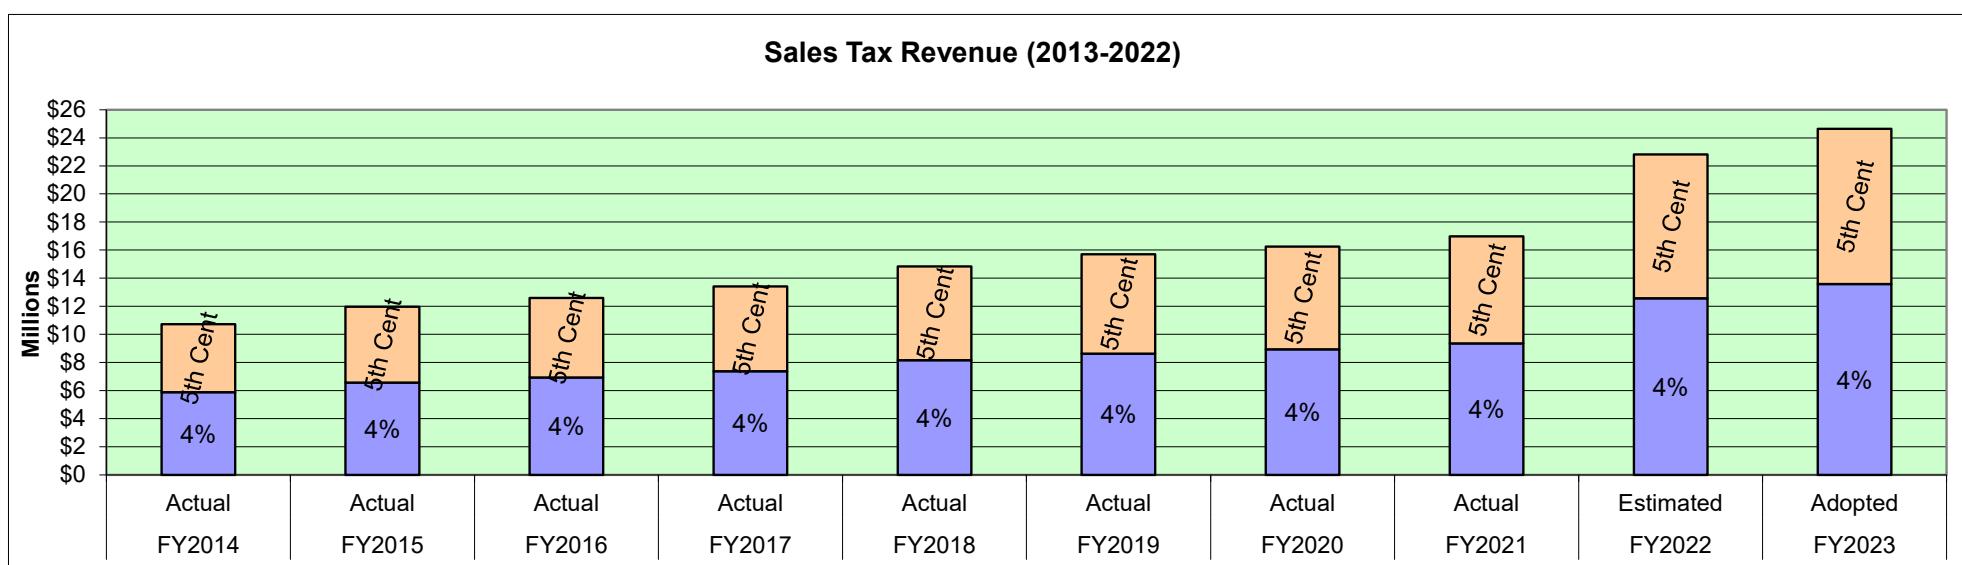

Sales tax revenue consists of the four percent state-wide sales tax and the optional 5th cent local sales tax. In the past, the optional 5th cent was split between the General Fund and the Capital Projects

Fund based on the Town's assessed valuation. For FY 2023, the General Fund will retain 50% of the total and the other 50% will transfer to the Capital Projects fund. Both the state-wide and optional local sales taxes are projected to rise by 8% over the 2023 estimate.

FTA – INTERGOVERNMENTAL REVENUE

Federal Transit Administration grants support operating and capital expenditures in the START Bus System Fund. Operating and Capital grants typically account for 57% and 80% of qualifying expenditures,

respectively. Due to increased levels of service, START Bus operational costs are expected to increase 25% in FY2023 which may increase funding. This resulted in WYDOT increasing START's operational grant above historical levels.

UTILITY REVENUES – CHARGES FOR SERVICES

In 2022, the Town passed ordinances updating tiered volume and base rates. The FY2023 budget uses the new rates in the revenue

forecasts in both utility services. Water and sewage sales do not include capital contributions such as capacity and tap fees. There are two customers accounting for more than 8% of water sales.

PETROLEUM PRODUCTS

The Town of Jackson achieved significant reductions in energy consumption in pursuit of its 40X20 by goal. START Bus ridership consistently increases year to year which increases routes and fuel

consumption. START is expecting a significant increase in petroleum due to nationwide fuel market increase.

Transfers In and Out

Transfers In and Transfers Out are typically the last items reported before the net change in fund balances on the GAAP based statement of revenues, expenditures, and changes in fund balances. In the budget, Transfers In appears in the same grouping with revenues and Transfers Out appears in the same grouping with expenditures. To reduce confusion, efforts should be made to reduce the number of interfund transfers.

General Fund transfers in include allocation of costs for public works yard operations to the Water Utility Fund and Sewer Utility Fund. Some general government administrative-type costs are allocated to the utility funds on 10% basis for each and 3% to START Bus System. General Fund provides transfers out to Affordable Housing and START to subsidize operational and capital expenditures. Finally, the repayment of interfund payables is not budgeted as a transfer.

TOWN OF JACKSON, WYOMING

**Adopted Budget
For the Fiscal Year Ending June 30, 2023**

FIVE – YEAR CAPITAL IMPROVEMENT PROGRAM

INTRODUCTION

The Capital Improvements presented in this section consist of the 2023-2027 Capital Improvements Program (CIP). The Town of Jackson CIP integrates capital and major noncapital expenditures into a comprehensive plan for forecasting needed future resources for acquiring and maintaining assets used in municipal operations. By integrating major noncapital expenditures, such as maintenance items or asset purchases not meeting specific dollar thresholds, the Town can better plan and prepare for future financial challenges.

The Town of Jackson's integrated CIP consists of two sections: capital improvements and capital equipment.

The **Capital Improvements** section primarily deals with projects that carry high price tags. In the simplest of terms, capital improvements are expansions of or improvements to the Town's physical infrastructure such as buildings, streets, sidewalks, parking facilities, open space, and utility systems.

The **Capital Equipment** section contains capital outlays for vehicles and equipment essential to accomplishing work. Generally, these assets have shorter useful lives and must be replaced on a regularly scheduled basis.

WHAT IS A CAPITAL IMPROVEMENT PROGRAM?

A capital improvement program is a five year plan for the evaluation of the Town's facility, equipment and infrastructure needs. It serves as a guide for construction, development and maintenance of the Town's infrastructure assets, as well as other less expensive assets, in the most cost efficient manner possible. It is the result of systematic review of each project as it relates to the Town Council goals and established priorities, to maximize the use of all financial resources.

While the program serves as a long range plan, it is reviewed annually and revised based on the current financial climate. Priorities may change and assets may deteriorate differently than expected.

WHAT ARE THE OBJECTIVES OF A CAPITAL IMPROVEMENT PROGRAM?

- To forecast public facilities and improvements that will be needed in the future.
- To anticipate and project financing needs in order to maximize available federal, state, and county funds.
- To promote sound financial planning in order to enhance and protect future bond ratings and bonding capacity.
- To focus attention on and assist in the implementation of established Town Council's objectives.
- To serve as a guide for local officials in making budgetary decisions.
- To balance the needs of new development with existing development.
- To promote and enhance the economic development of the Town of Jackson.
- To strike a balance between needed public improvements and the present financial capability of the Town to provide for these improvements.
- To provide an opportunity for citizens and interest groups to voice opinions on development of Town facilities and infrastructure.
- To provide for improvements in a timely and systematic manner.

Changes have been made to improve the reliability of the capital improvement program estimates and the focus of the funding. Previously, the funding effort focused primarily on the budget year. The new more strategic process is intended to change that focus to funding over five years. This will enable decision makers to identify opportunity costs of shifting priorities. This strategic focus creates a better understanding of the balancing act that is required to allocate scarce resources to the capital improvement effort.

WHAT IS THE CAPITAL IMPROVEMENT PLAN DEVELOPMENT PROCESS?

Assign Project Titles

- Make the title descriptive of the work.
- The title of the project should be based on the problem to be solved at a location, rather than titling based on the solution.
- Group projects in a meaningful way within each department. A project title of Boomerang Improvements won't work if it includes everything from the kitchen sink replacement to the cart path overlay. It is a judgment decision.

Formulate Project Descriptions

- Include the target activities to be completed each year on the project. This should be a brief statement of the work that will be performed and its location.

Formulate Project Cost Estimates

- The costs of each project are broken down into any of the following categories:
 - Land Acquisition
 - Planning/Design/Construction
 - Vehicles/Equipment/Furnishing

Document Project Justifications

The following should be considered:

- Reason the project is necessary
- Related projects
- Coordination efforts required with other agencies
- Mandates and deadlines for compliance
- Service Impact
- Revenues that could be generated as a result of the project
- Community goal references
- Safety requirements.

Document Operating Impact

Projects are not accepted for consideration without operating impact statements. Record the initial operating costs in the year they will most likely occur. It will be assumed that the costs will continue from that point on, unless information is provided otherwise.

Unfunded Projects:

- All projects not funded are placed on an unfunded list.

Present product to the Town Council for review and final consideration

- Five-year funded Capital Improvements
- Ranked list of unfunded needs.

HOW DOES THE CAPITAL IMPROVEMENT PROGRAM IMPACT THE OPERATING BUDGET?

All capital improvement projects are required to show the operating budget impact at the time the projects are submitted for consideration in the Capital Improvement Program. This includes the number of full time equivalent positions that would be needed or could be eliminated and the cost or savings for salaries/benefits, supplies/services, and equipment. It would not be prudent to make funding decisions in favor of a project the Town could not afford to maintain, staff, or provide equipment for.

Capital improvements can impact the budget by increasing or decreasing revenues and expenditures. Revenues could be increased if the improvement attracts new businesses (building permits, sales tax, and property tax). The improvement could also increase expenditures. Perhaps an expansion requires new employees, additional maintenance services, or additional utility costs. Construction of a new street may require additional costs for police patrol services, snow and ice removal, or street light utility costs. Perhaps new technology could make the operation of a plant more efficient resulting in a reduction in power costs, utility costs, and personnel costs (reduction in overtime or man-hours).

Many projects are associated with an avoidance of future costs that are difficult to measure. The cost of maintenance should not exceed the benefit of the asset. The priority for available capital project funds has been to lengthen the lives of existing facilities and infrastructure. Most of the Town of Jackson's projects fall into this category.

HOW IS CITIZEN INPUT INCORPORATED IN THE CIP DEVELOPMENT PROCESS?

The citizens are involved in the capital improvements plan through participation at council meetings, and through citizen boards, commissions, and participation in public meetings, work sessions and public hearings.

Participation in Citizen Boards and Commissions:

Several disciplines within the Town have a citizen board or commission that helps to identify and prioritize needs within their scope of interest. These priorities are reflected in the department head numeric ranking of the project when it is initially submitted for consideration. The citizen boards and commissions are particularly influential with regard to the addition of a project to the plan and the priority it has within the scope of needs for the community.

Participation in Public Meetings:

Each year in the spring, a workshop is held to inform the Town Council and all interested citizens about the proposed budget for the year. A session within this workshop is devoted to capital improvements. Since annual appropriations are required by statute, one required public hearing is held in conjunction with the operating budget each year. Capital improvements typically represent 20% of the total budget and are considered carefully.

Beyond participation in boards and public meetings, the Town makes a considerable effort to inform the citizens through various publications, news releases, and the Town's website.

HOW IS THE CAPITAL IMPROVEMENT PLAN FORMULATED?

The following time line is a specific listing of the steps used to develop the Capital Improvement Plan:

December: The Finance Department distributes "CIP Budget Request Instructions" along with prior year submissions.

July: Existing projects roll forward one year. There is also dialogue reminding departments about the general philosophies mentioned earlier in this discussion. Each project is evaluated by the department

head. New projects are then submitted to the Finance Department and entered into the database along with updates or changes to existing projects.

April: The Budget staff finalizes the plan by shifting funding priorities as necessary and incorporating new projects, particularly in years six through ten. The Town manager determines the overall budget recommendation.

May: Work sessions are held to consider budget issues (for operating and for capital improvements).

June: The first and second public hearings are held, and the budget is appropriated.

HOW IS THE CAPITAL IMPROVEMENT PROGRAM FINANCED?

In analyzing the financial viability of the capital improvements in the 2023-2027 plan the Town has three basic choices for methods of financing: pay-as-you-go, joint power agreement development authority capital leasing, and debt financing. The following sources provide revenue for the three financing methods.

General Fund revenues, such as sales taxes, local government aid, and service charges use current revenues to finance capital outlays. Annually, the General Fund transfers a portion of the 5th cent to capital project funds for a variety of capital projects, which may include other funding sources.

Two Internal service funds accumulate resources for regularly planned equipment purchases through rental charges to various divisions within benefitting funds. The Central Equipment Fund reduces the impact of large equipment purchases on annual divisional expenditures by essentially amortizing the cost of such equipment to the division through rental charges. The rental charge also includes a small inflation factor to provide for the future replacement of that item. The IT Services Fund functions essentially in the same manner by purchasing and leasing computer related equipment.

TOWN OF JACKSON, WYOMING

**Adopted Budget
For the Fiscal Year Ending June 30, 2023**

GLOSSARY OF TERMS

GLOSSARY OF TERMS

ADOPTED BUDGET

This is a financial program forming the basis for fiscal year appropriations as adopted by the Mayor and Town Council. The adopted budget contains both the annual operating and capital budgets.

APPROPRIATION

Legal act authorization to make expenditures and incur obligations for specific purposes. Appropriations are limited in amount and time they may be expended. Total appropriations include the original adopted budget and any supplemental adjustments made throughout the year, hence the Amended Budget.

BUDGET MESSAGE

A written explanation of the budget and the Town of Jackson's financial plan and priorities presented by the Town Administrator to the Mayor and Council.

CAPITAL IMPROVEMENT PROGRAM (CIP)

A long-term budgeting and planning tool through which needed capital projects are identified, evaluated, prioritized, priced, and discussed.

CAPITAL PROJECT

The acquisition, creation, or extension of the useful life of a fixed asset that has a life expectancy greater than one year and a monetary value greater than \$10,000, such as a police car, land, or public building. Major repair or renovation of an existing asset and general planning and design activities are also considered capital projects under certain circumstances.

CAPITAL PROJECT FUND

A governmental fund type used to account for the financial resources to be used for the acquisition or construction of major capital assets, other than those financed by the enterprise funds.

CHARGES FOR SERVICES

Charges or fees established to recover part or all of the costs incurred in the provision of services. These charges are based on the philosophy that the recipient of the benefits should pay for the services. These are also referred to as user fees.

DEBT SERVICE FUND

A Fund established to accumulate resources to retire external debt, such as bonds.

DEFICIT

A negative change in fund balance or working capital is referred to as a deficit (expenditures and other uses exceed revenues and other sources).

ENTERPRISE FUND

A fund established to account for operations that are financed and operated in a manner similar to private business enterprises. Enterprise funds are usually self-supporting. The Town of Jackson has two enterprise funds, the Water Utility Fund and the Sewage Utility Fund.

FISCAL YEAR

A twelve-month period that determines the time frame for financial reporting, budgeting, and accounting. At the end of the fiscal year, the financial position and results of operations are determined. The Town of Jackson's fiscal year is July 1 to June 30.

FULL-TIME EQUIVALENT (FTE)

Used to denote the number of person hours necessary to fill a permanent position. A full-time position is normally 40 hours per week for the entire fiscal year and is designated as 1.0 FTE. A 0.5 FTE may be a half-time position for the entire year or a full-time position to begin or end in the middle of the year.

FUND

A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND BALANCE

The difference between assets and liabilities, accounted for on a modified accrual basis, reported in a governmental fund.

FUND TYPE

Governmental fund types include the general fund, special revenue funds, debt service funds, capital project funds, and permanent funds. Proprietary fund types include enterprise funds and internal service funds. Fiduciary fund types include pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. The Town of Jackson adopts a budget for the General Fund, Special Revenue Funds, Capital Project Funds, and Enterprise Funds.

GENERAL FUND

The general fund is the operating fund of the Town of Jackson. The General Fund accounts for all financial resources except for those required by law or management necessity to be accounted for in another fund.

INTERNAL SERVICE FUND

This proprietary fund type provides services to other funds on a cost reimbursement basis.

INTERFUND TRANSFER

The flow of assets from one fund to another fund to finance activities without a requirement for repayment.

LEGAL DEBT LIMIT

The maximum amount of general obligation debt allowed under Wyoming State statutes. The current limit is four percent of total assessed valuation.

LEGAL LEVEL OF BUDGETARY CONTROL

The level at which a government's management may not reallocate resources without specific approval from the legislative body. The Town of Jackson's legal level of budgetary control is at the divisional/departmental level.

LOCAL OPTION SALES TAX (5TH-CENT SALES TAX)

The 1% county-wide sales tax has been made "permanent" by both Teton County and the Town of Jackson. Although proceeds from this tax are completely unrestricted, the Town of Jackson has designated a portion of the tax for capital expenditures. An annual transfer is made from the General Fund to the Capital Projects Fund. This tax is split with the county based on latest Census count.

LODGING TAX – GENERAL

The 10% portion of the voter-approved levy on hotels/motels/lodges that can be used for expenditures incurred for any purpose. The levy began on April 1, 2011, will be in effect for four years, and is distributed based on point-of-sale.

LODGING TAX – VISITOR IMPACT

The 30% portion of the voter-approved levy on hotels/motels/lodges that can only be used for expenditures incurred to provide services for visitors. The levy began on April 1, 2011, will be in effect for four years, and is distributed based on point-of-sale.

NET OPERATING EXPENDITURES

As defined by policy for the General Fund – total expenditures plus the recurring transfers-out to the Employee Insurance Fund, the START Bus System Fund, and the Public Works Shop Fund.

NET OPERATING REVENUE

As defined by policy for the General Fund – total revenue plus the recurring transfers-in from the Capital Projects Fund.

NET OPERATING SURPLUS

The condition in which net operating revenue exceed net operating expenditures

RECOMMENDED BUDGET

The financial program prepared by the Town Manager and submitted to the Mayor and Town Council for review.

REQUESTED BUDGET

The budget put forth by the various department directors and managers for Town Manager consideration.

SPECIAL REVENUE FUND

A governmental fund type used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

SPECIFIC PURPOSE EXCISE TAX (6TH-CENT SALES TAX)

Formerly called Capital Facilities Tax, this 1% sales tax requires voter authorization for specific projects as submitted by local governments and non-profit entities. Once all authorized projects have been funded, new projects are submitted for voter authorization.

STATE FOUR PERCENT SALES TAX (4-CENTS SALES TAX)

A 4% sales tax applied by the State of Wyoming and partially shared-back (31%) to counties and municipalities based on population. This tax is split with the county based on latest Census count.

SUPPLEMENTAL BUDGET REQUEST

A financial plan that is presented to the Mayor and Town Council subsequent to the passage of the adopted budget to recognize unexpected needs or to spend unanticipated revenue.

SURPLUS

A positive change in fund balance or working capital is referred to as a surplus (Revenues and other sources exceed expenditures and other uses).
