RE: Project Narrative and findings for approval: 540 Cache Creek Drive Development Plan – Reference Preapplication Conference #P19-009

Dear Brendan:

Please find attached Development Plan (DP) and Conditional use permit (hillside CUP) for 540 Cache Creek Drive for your review. The proposed development is located in Neighborhood Low Density (NL-2) zoning and has been advanced from the preapplication phase to include a proposal for a lot split (east/west) and subsequent construction of two single-family homes. Construction of the new residences will require demolition of the existing residence. As you may be aware, construction plans for the south residence have already been submitted to the Town for review and approval under Town project #P19-125.

The proposed development has been prepared to comply with the following findings of approval as presented in LDR Section 8.5.2.

1. Is consistent with the desired future character described for the site in the Jackson
2. Natural resource overlay and scenic resource overlay are not applicable for this development plan
3. Does not have significant impact on public facilities and services, including transportation, potable water, and wastewater facilities, parks, schools, police, fire, and EMS
4. Complies with the Town of Jackson Design Guidelines
5. Complies with all relevant standards of these LDRs and other Town Ordinances; and
6. Is in substantial conformance with all standards or conditions of any prior applicable permits or approvals.

The Conditional use permit (Hillside CUP) has been prepared to comply with the following findings of approval as presented in LDR Section 8.4.2.

1. Is compatible with the desired future character of the area
2. Complies with specific use standards
3. Minimizes adverse visual impacts
4. Minimizes adverse environmental impacts
5. Minimizes adverse impacts from nuisances
6. Minimizes adverse impacts on public facilities
7. Complies with all other relevant standards of the LDRs and all town ordinance; and
8. Is insubstantial conformance with all standards and conditions of any prior applicable permits or approvals.

Per section 5.4.1.C.5 to our knowledge no adverse impacts have been identified for the conditional use permit. The wildlife use/habitat review study indicates that there will be minimal impact to wildlife that inhabit the area.

The submittal package, including planning permit application, title report, site plan with summary table demonstrating compliance with dimensional standards, wildlife use/habitat review study, geotechnical investigation, visual impact analysis, and grading and drainage plan is believed to provide sufficient information for a CUP and DP level submittal and approval for a lot subdivision.

Please note that landscaping, final grading, stormwater run-off calculations and design, and lighting plans will be provided in detail with the building permit submittal. With exception to these items, all comments made by town entities are addressed within the development plan drawings provided (see DP-1).

If you find there to be submittal deficiencies, please don't hesitate to contact me so they can be addressed prior to review by other Town departments/entities.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Josh Kilpatrick", with a stylized flourish at the end.

# Housing Mitigation Plan for 540 Cache Creek Drive

Housing Mitigation Plan

updated 6/11/19

Development of a new house, hotel, or commercial space generates the need for employees. The construction workforce builds the space, the commercial workforce or residential service workforce works in the space, and first responders are needed to protect the space. Only about 27% of the employees generated by development can afford housing in the community, but the community's "community first" character goal is that 65% of employees live locally. To bridge this affordability gap, each development is required to include affordable workforce housing proportional to the employees it generates. These housing mitigation requirements are established in Division 6.3 of the Land Development Regulations. This worksheet is intended to assist in meeting the requirements for a project. However, an error in the worksheet does not amend the actual standard; if you find an error please notify the Planning Department. Fill in the highlighted cells, all the other cells will autopopulate.

## Calculating the Requirement (Sec. 6.3.2 & 6.3.3)

Step 1: Location

Town of Jackson

The applicable regulations vary by jurisdiction please identify the location of your project using the above dropdown options.

The required housing is based on the existing and proposed use of the site. Step 2 is to enter the existing use and Step 3 is to enter the proposed use. Section 6.3.2 of the LDRs establishes the applicability of the affordable workforce housing standards and Section 6.3.3 establishes the specifics on calculation of the requirement. Enter each use in its own row, add rows if needed. If a building has multiple units with the same use, describe each unit in its own row. (For example: if a duplex is composed of a 2,300 sf attached unit and a 1,700 sf attached unit, put each unit in its own row do not put in 4,000 sf of attached single-family.) If a unit type (e.g. apartment floor plan, or commercial tennant space) is replicated exactly multiple times, you may use the "Use Quantity" column to avoid adding multiple rows.

### Step 2: Existing Development

Housing is only required for new development. Please describe the existing use of the site so that it can be credited from the housing requirement. The definition of existing use is Section 6.3.2.A.1 of the LDRs. Generally, the existing use to enter is the use with the highest housing requirement that either existed in 1995, or has been permitted since 1995. Please attach proof of existence.

Existing Use (Sec. 6.3.2.A)	Housing Requirement (Sec. 6.3.3.A)	Use Size: bedrooms	Use Size: habitable sf	Use Quantity	Housing Required
Detached Single-Family Unit (Unres	$0.000017 * sf + (Exp(-15.49 + 1.59 * Ln(sf))) / 2.176$		3961	0.5	0.056

Existing Workforce Housing Credit

0.056

### Step 3: Proposed Development

Please describe the proposed use of the site to determine if affordable workforce housing is required as part of the development. Describe the end result of the proposed development. (For example: in the case of an addition do not enter the square footage of the addition, enter the size of the unit upon completion of the addition.)

Proposed Use	Housing Requirement (Sec. 6.3.3.A)	Use Size: bedrooms	Use Size: habitable sf	Use Quantity	Housing Required
Detached Single-Family Unit (Local)	$0.000017 * sf + (\text{Exp}(-16.14 + 1.59 * \ln(sf))) / 2.176$		5558	1	0.135
Detached Single-Family Unit (Local)	$0.000017 * sf + (\text{Exp}(-16.14 + 1.59 * \ln(sf))) / 2.176$		5558	1	0.135

Affordable Workforce Housing Required: 0.214 units

Fee-in-Lieu Amount: \$ 44,625.93

If the amount of required affordable workforce housing is less than one unit, you may pay the above fee in-lieu of providing the required housing. If you elect to pay the fee, your Housing Mitgation Plan is complete. If the requirement is greater than one unit, or you would like to provide a unit to meet the requirement, please proceed to the [Unit Type Sheet](#).

(b) Any claim must be based in contract and must be restricted solely to the terms and provisions of this Commitment.

(c) Until the Policy is issued, this Commitment, as last revised, is the exclusive and entire agreement between the parties with respect to the subject matter of this Commitment and supersedes all prior commitment negotiations, representations, and proposals of any kind, whether written or oral, express or implied, relating to the subject matter of this Commitment.

The Policy contains an arbitration clause. All arbitrable matters when the Proposed Policy Amount is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Proposed Insured as the exclusive remedy of the parties. **NOTICE  
FEDERAL FOREIGN INVESTMENT IN REAL PROPERTY TAX ACT OF 1980 (FIRPTA)**

Upon the sale of United States real property, by a non-resident alien, foreign corporation, partnership or trust, the Foreign Investment in Real Property Tax Act of 1980 (FIRPTA), and as revised by the Tax Reform Act of 1984 (26 USCA 897 (C)(1)(A)(1) and 26 USCA 1445), Revised by the Path Act of 2015, These changes may be reviewed in full in H.R. 2029, now known as Public Law 114-113. See Section 324 of the law for the full text of FIRPTA changes. Effective February 27, 2016, the amendments to FIRPTA contained in the PATH Act have increased the holdback rate from 10% of gross proceeds to 15% of gross proceeds of the sale, regardless of whether the actual tax due may exceed (or be less than) the amount withheld if ANY of the following conditions are met:

1. If the amount realized (generally the sales price) is \$300,000 or less, and the property will be used by the Transferee as a residence (as provided for in the current regulations), no monies need be withheld or remitted to the IRS.
2. If the amount realized exceeds \$300,000 but does not exceed \$1,000,000, and the property will be used by the Transferee as a residence, (as provided for in the current regulations) then the withholding rate is 10% on the full amount realized (generally the sales prices)
3. If the amount realized exceeds \$1,000,000, then the withholding rate is 15% on the entire amount, regardless of use by the Transferee. The exemption for personal use as a residence does not apply in this scenario.

If the purchaser who is required to withhold income tax from the seller fails to do so, the purchaser is subject to fines and penalties as provided under Internal Revenue Code Section 1445.

Escrow Holder will, upon written instructions from the purchaser, withhold Federal Income Tax from the seller and will deposit said tax with the Internal Revenue Service, together with IRS Forms 8288 and 8288-A. The fee charged for this service is \$25.00 payable to the escrow holder.
