The applicant is submitting a request for a Pre-Application for a Development Plan for the property located at 445 Vine Street, legally known as, LOT 1, BLK. 3, MEADOWLAND.

For questions, please call Brendan Conboy at 307-733-0440, x1302 or email to the address shown to the left. Thank you.

RESPONSE: For Departments not using Trak-it, please send responses via email to:
tstolte@jacksonwy.gov

ENVIRONMENTAL PROFESSIONAL. For EA pre-application conferences, a qualified environmental consultant is required to attend the pre-application conference. Please see Subsection 8.2.2.C, Professional Preparation, of the Land Development Regulations, for more information on this requirement. Please provide contact information for the Environmental Consultant if different from Agent.

Name, Agency: N/A Phone: _____
 Mailing Address: _____ ZIP: _____
 E-mail: _____

TYPES OF PRE-APPLICATION NEEDED. Check all that apply; see Section 8.1.2 of the LDRs for a description of review process types.

Physical Development Permit
 Use Permit
 Development Option or Subdivision Permit
 Interpretations of the LDRs
 Amendments to the LDRs
 Relief from the LDRs
 Environmental Analysis

This pre-application conference is:
 Required
 Optional
 For an Environmental Analysis
 For grading

SUBMITTAL REQUIREMENTS. Please ensure all submittal requirements are included. The Planning Department will not hold or process incomplete applications. Provide **one electronic copy** (via email or thumb drive), and **two hard copies** of the submittal packet.

Have you attached the following?

Application Fee. Go to www.townofjackson.com/204/Pre-Application.com for the fees.

Notarized Letter of Authorization. A notarized letter of consent from the landowner is required if the applicant is not the owner, or if an agent is applying on behalf of the landowner. Please see the Letter of Authorization template at www.townofjackson.com/DocumentCenter/View/102/Town-Fee-Schedule-PDF.

Narrative Project Description. Please attach a short narrative description of the project that addresses:
 Existing property conditions (buildings, uses, natural resources, etc)
 Character and magnitude of proposed physical development or use
 Intended development options or subdivision proposal (if applicable)
 Proposed amendments to the LDRs (if applicable)

Conceptual Site Plan. For pre-application conferences for physical development, use or development option permits, a conceptual site plan is required. For pre-application conferences for interpretations of the LDRs, amendments to the LDRs, or relief from the LDRs, a site plan may or may not be necessary. Contact the Planning Department for assistance. If required, please attach a conceptual site plan that depicts:
 Property boundaries
 Existing and proposed physical development and the location of any uses not requiring physical development
 Proposed parcel or lot lines (if applicable)
 Locations of any natural resources, access, utilities, etc that may be discussed during the pre-application conference

Grading Information (REQUIRED ONLY FOR GRADING PRE-APPS). Please include a site survey with topography at 2-foot contour intervals and indicate any areas with slopes greater than 25% (or 30% if in the NC Zoning District), as well as proposed finished grade. If any areas of steep slopes are man-made, please identify these areas on the site plan.

Other Pertinent Information. Attach any additional information that may help Staff in preparing for the pre-app or identifying possible key issues.

Under penalty of perjury, I hereby certify that I have read this application and state that, to the best of my knowledge, all information submitted in this request is true and correct. I agree to comply with all county and state laws relating to the subject matter of this application, and hereby authorize representatives of Teton County to enter upon the above-mentioned property during normal business hours, after making a reasonable effort to contact the owner/applicant prior to entering.

Title

Narrative of proposed project

Project name:

Corner of Vine in Jackson

Proposed 8 unit condo project.

Agent & Developer: Ken Rizzotti, Manger HR28 LLC (by notorized letter of authorization).

Architect: Brent Sikora

Location: 445 Vine Street, Jackson, WY 83001

Legal Description: Lot 2, Block 3, Meadowland Addition to the Town of Jackson, Plat #127

Zoning: NM-2; LDR Section: 2.2.8

View of subject to west

View of subject to north

View of subject to east

November 6, 2019

Narrative of proposed project

Project name:

Corner of Vine in Jackson

Overview:

Workforce housing options in Teton County, Wyoming has historically been a very challenging proposition. The county goal according to the “Jackson/Teton County Workforce Housing Action Plan Executive Summary, November 2015” is to ensure that at least 65% of the workforce live locally. Limited affordable housing purchase or rental options exist, forcing many potential members of the Teton County/Town of Jackson workforce to commute from areas which are disconnected from the local community. The developer and his team have identified a small infill site located in the south central portion of the Town of Jackson, which has favorable NM-2 zoning that allows the development of 8 residential units. This proposed project could serve as a template for additional workforce housing in the Town of Jackson.

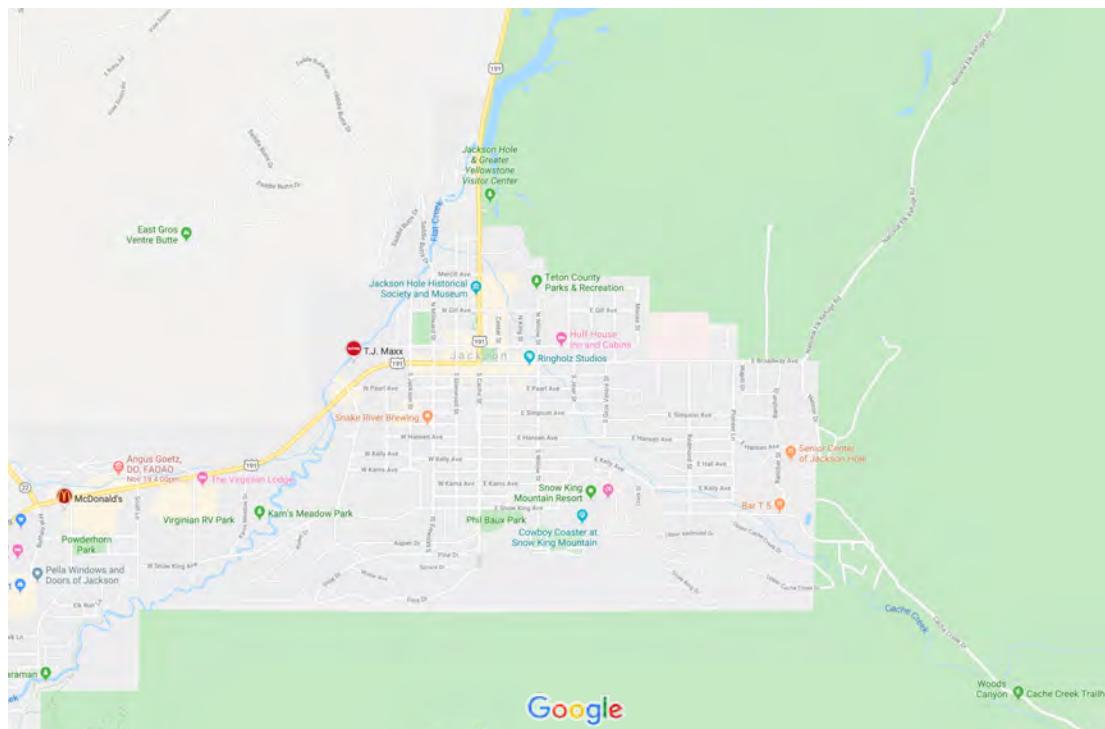

Location:

Having a location that is convenient to public & private services is beneficial for workforce housing, and is a driving factor in the proposed project, located at 445 Vine Street, in the south central portion of the Town of Jackson, Wyoming. Phil Baux Park, Snow King Mountain Resort and a Start Bus Stop are located 2 blocks to the south, and Mike Yokel Park is located with another Start Bus Stop is 4 blocks to the northeast. Jackson’s vibrant Town Square is located 8 blocks to the north, recreation center, elementary school and St. Johns Hospital are located 10 blocks north. This central location provides opportunities for residents to use public transportation, bicycle, and walk, therefore potentially decreasing congestion in this area.

Google Maps

 Google Maps

Narrative of proposed project

Project name:

Corner of Vine in Jackson

Site:

Subject is a irregular shape corner site, containing approximately 8,118.5 sf., that borders Vine Street to the east, a public alley to the west and multi family properties to the north, east, south and west, and attached townhomes to the northwest. Snow King Mountain Resort owned property is located to the southeast, which currently is a maintenance and storage yard for Snow King Mountain Resort. Subject has partial Snow King Mountain Views to the north. Public water & sewer are in the alley. Electricity is available from Lower Valley Energy, and communication service is available from a variety of service providers.

Subject view to west

Subject view to north

Street view to north

Alley to north

Property to west

Property to north

Property to south east

Narrative of proposed project

Project name:

Corner of Vine in Jackson

Existing property conditions:

The subject is essentially a vacant site. There is a mobile home on the site which will be moved from the site prior to any approved and permitted construction. Therefore, public water and sewer currently exists on the site. Three large spruce trees will likely need to be removed from the site. No natural resources exist on the site.

Zoning:

The subject is located in the Town of Jackson, Land Development Regulations, NM-2: Neighborhood Medium Density-2 zone. This document states

“A. Intent General Intent: The intent of the Neighborhood Medium Density-2 (NM-2) zone is to provide for medium to higher density residential development and to promote workforce housing types using a broad range of detached and attached residential types in a pedestrian-oriented environment. The size of individual buildings will be limited in order to respect and enhance the character and cohesiveness of existing residential neighborhoods. This zone is intended for Transitional neighborhoods where increased residential density and workforce housing are intended.

Buildings: Buildings can be up to 3 stories in height. Multiple detached buildings or multiple attached units on a site is common. No more than 8 units will be permitted within an individual building. Incentives are provided to encourage variety in roof pitch and design.

Parking: Parking is provided primarily on-site in garages or with surface spaces. Parking is typically accessed from a primary street or alley if present.

Land Use: The full spectrum from a single-family detached home to an 8-unit apartment/condo building is allowed.

Comprehensive Plan: Based primarily on Subarea 3.2 in the Comprehensive Plan”

Building height for roof pitch <3/12 is max 35'

Scale of development is 0.4 FAR.

Workforce housing bonus is addressed in Sec. 7.8.4., allows an unrestricted floor area: restricted floor area of 2:1.

Proposed Improvements:

The developer is proposing a 8 unit, 2 story condominium project, with unfinished basement for unit storage and to house mechanical equipment. The unit configuration is 6 x 1-bedroom units with approx. 476 sf each, and 2 x 2-bedroom units with approximately 950 sf each. Total building above grade habitable area is approx. 4,750 sf. The below grade basement area of approximately 2,300 sf will be under the entire first floor and will have a large storage closet per unit, and will accommodate owner/ tenants recreational equipment and additional bicycle storage rack system. The building design will put emphasis on clean lines and simplistic building form. The building will present in natural materials, finished in natural colors (wood and metal siding), achieving the commonly defined "mountain modern" aesthetic. This design will allow the building to blend with the structures common in the area and the remainder of the Town of Jackson. Supplementary to the architecture, strong consideration will be given to the location of additional planting which will "soften" the building's physical and visual presence.

Narrative of proposed project

Project name:

Corner of Vine in Jackson

Each unit will have a private balcony, patio or deck. Parking will be 1 space per 1-bedroom unit, and 2 spaces for the 2-bedroom units. All parking will be open parking along the alley.

Based on subject site size of 8,118.5 square feet, multiplying this by 0.4 FAR yields a base FAR area of 3,247.4 sf. In the base FAR, 6 x 1-bedroom units can be contained in this area. The project is therefore seeking to utilize the 2:1 workforce housing bonus, by providing 1 additional market unit and 1 additional workforce restricted unit.

The condominium structure of the project will allow the individual units to be sold, or the developer may elect to rent some or all of the units, depending on market conditions. However, sale prices and rental rates will be at the very low end of the spectrum for both product offerings in the Town of Jackson, considering the quality and new condition of the units.

Construction of the units will be modular, allowing a shorter time line than 100% conventional on site construction. This will result in higher quality units due to weather not being a factor during construction, less disturbance of the residents in the neighborhood, and quicker product to market time line. If the project time line can be expedited, units can be occupied in the fall of 2020.

Development Team

Developer: Ken Rizzotti, Manager HR 28 LLC. Ken is a 23 year resident to Teton County, Wyoming and has been active in the development of both residential, commercial and subdivision properties. Recent experience includes the development of 9 single family homes in Teton County, Wyoming since the year 2013. Invaluable experience has been gained in the past 29 years as a full time, Certified Residential Real Estate Appraiser. Having performed thousands of residential appraisals in Teton County, Wyoming and the surrounding commuter markets has provided an understanding for the need for workforce housing in Teton County/ Town of Jackson.

Architect: Brent Sikora, Untitled Architecture, LLC

2.2.8. NM-2: Neighborhood Medium Density-2 (7/18/18, Ord. 1197)

A. Intent

1. General Intent: The intent of the Neighborhood Medium Density-2 (NM-2) zone is to provide for medium to higher density residential development and to promote workforce housing types using a broad range of detached and attached residential types in a pedestrian-oriented environment. The size of individual buildings will be limited in order to respect and enhance the character and cohesiveness of existing residential neighborhoods. This zone is intended for Transitional neighborhoods where increased residential density and workforce housing are intended.
2. Buildings: Buildings can be up to 3 stories in height. Multiple detached buildings or multiple attached units on a site is common. No more than 8 units will be permitted within an individual building. Incentives are provided to encourage variety in roof pitch and design.
3. Parking: Parking is provided primarily on-site in garages or with surface spaces. Parking is typically accessed from a primary street or alley if present.
4. Land Use: The full spectrum from a single-family detached home to an 8-unit apartment/condo building is allowed.
5. Comprehensive Plan: Based primarily on Subarea 3.2 in the Comprehensive Plan

B. Physical Development

Standards applicable to physical development are provided in this Section. Where a cross-reference is listed, see the referenced division or section for additional standards. Standards in Article 5 apply unless stated otherwise.

1. Lot Standards

Primary Building Setbacks (Sec. 9.4.8.)

Primary street (min)	20'	A
Secondary street (min)	10'	B
Side interior (min)	10'	C
Rear (min)	20'	D

Accessory Structure Setbacks (Sec. 9.4.8.)

Primary street (min)	30'	E
Secondary street (min)	10'	F
Side interior (min)	5'	G
Rear (min)	5'	
Rear alley (min)	10'	H

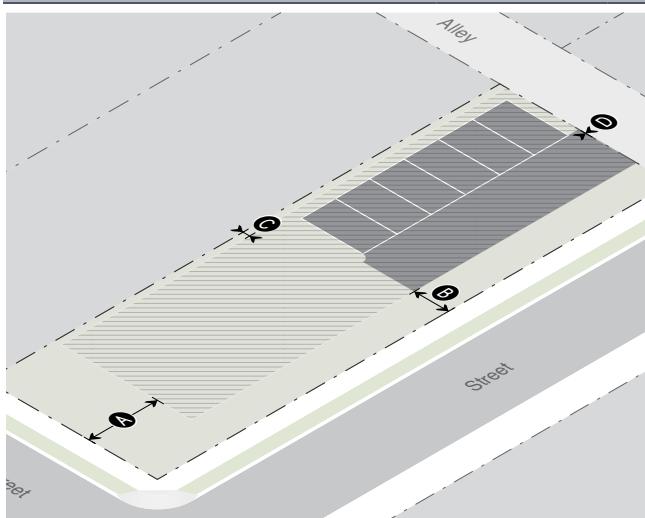

Site Development Setbacks

All site development, excluding driveways or parking.	
Primary/secondary street (min)	Same as primary building
Side interior/rear (min)	5' I

Landscaping (Div. 5.5.)

Landscape surface ratio (min)	(9.4.6.D.)
Single-Family Detached	.45
Apartments/ Single-Family Attached	.21 & 70% in front 1/3 of lot
All other allowed uses	.35
Plant units (min)	
Single-Family and Duplex	1 per unit
All other uses	1/1,000 sf of landscape area
Parking Lot (all uses)	1 per 12 parking spaces

2. Vehicle Access Standards

3. Bulk & Mass Standards

Access

Primary street	Allowed
Secondary street	Allowed
Alley	Allowed
Curb-cut width (max)	20' or 40% of lot frontage, whichever is less
Driveway width in primary/secondary street setback (max)	20'

Parking Setbacks

Primary street* (min)	20'	A
Secondary street* (min)	20'	B
Side interior (min)	1'	C
Rear (min)	5'	
Rear alley (min)	0'	D

* Excludes 20' max driveway allowed in primary/secondary street setback

Primary Building Height

(Sec. 9.4.9.)

Height: roof pitch $\leq 3/12$ (max)	3 stories, not to exceed 35'	A
Height: roof pitch $4/12, 5/12$ (max)	3 stories, not to exceed 37'	A
Height: roof pitch $\geq 6/12$ (max)	3 stories, not to exceed 39'	A

Accessory Structure Height

(Sec. 9.4.9.)

All accessory structures (max)	14'
--------------------------------	-----

Scale of Development

(Sec. 9.4.13.)

Floor area ratio (FAR max)	
Single-Family Detached	.30
All other allowed uses	.40
Deed restricted housing exemption	(Sec. 7.8.3.)
Workforce housing floor area bonus	(Sec. 7.8.4.)
Individual building (max gross floor area)	10,000 sf

2.2.8. NM-2: Neighborhood Medium Density-2 (7/18/18, Ord. 1197)

4. Fencing	
Height (max)	
In street yard	4'
In side or rear yard	6'
Setback (min)	
Primary or secondary street/sidewalk (min)	1'
Side or rear lot line	0'
Orientation	
The finished side of the fence shall face out to the neighbor, posts and supports shall face in to the owner	
5. Environmental Standards	
Natural Resource Setback (min) (Sec. 5.1.1.)	
Cache Creek South of Cache Creek Dr.	20'
Flat Creek North of Hansen Ave.	25'
Flat Creek South of Hansen Ave.	50'
Wetland	30'
Irrigation Ditch Setback (min) (7.7.4.D.)	
Irrigation Ditch	15'
Natural Resource Overlay (NRO) (Sec. 5.2.1.)	
6. Scenic Standards	
Exterior Lighting (Sec. 5.3.1.)	
Light trespass prohibited	
All lights over 600 initial lumens shall be fully shielded	
Lumens per sf of site development (max)	3
Lumens per site (max)	
All fixtures	100,000
Unshielded fixtures	5,500
Light Color	≤3000 Kelvin
Scenic Resource Overlay (SRO) (Sec. 5.3.2.)	
7. Natural Hazards to Avoid	
Steep Slopes (Sec. 5.4.1.)	
Development prohibited	Slopes > 25%
Hillside CUP required	Lot with average cross-slope ≥ 10%
Areas of Unstable Soils (Sec. 5.4.2.)	
Fault Area (Sec. 5.4.3.)	
Floodplains (Sec. 5.4.4.)	
Wildland Urban Interface (Sec. 5.4.5.)	

8. Signs (Div. 5.6.)	
Number of Signs (max)	3 per business per frontage
Home occupation/business	1 unlit wall sign
Background Color	No white or yellow
Sign Area	
Total sign area (max)	3 sf per ft of street facade width up to 150 sf
Home occupation/business	2 sf
Penalty	10% per projecting and freestanding sign
Sign Type Standards	
Canopy sign	
Clearance (min)	7'6" from average grade
Setback (min)	18" from back of curb
Freestanding sign	
Height (max)	6'
Setback (min)	5'
Projecting sign	
Height (max)	24' above grade
Clearance (min)	7'6" from average grade
Setback (min)	18" from back of curb
Wall sign	
Window sign	
Window surface coverage (max)	25% up to 16 sf
Temporary Signs (Sec. 5.6.1.)	
9. Grading, Erosion Control, Stormwater	
Grading (Sec. 5.7.2.)	
Erosion Control (Sec. 5.7.3.)	
Erosion shall be controlled at all times	
Stormwater Management (Sec. 5.7.4.)	
No increase in peak flow rate or velocity across property lines	

10. Required Physical Development Permits

Physical Development	Sketch Plan (Sec. 8.3.1.)	Development Plan (Sec. 8.3.2.)	Building Permit (Sec. 8.3.3.)	DRC Review (Sec. 8.2.6.)	Sign Permit (Sec. 8.3.5.)	Grading Permit (Sec. 8.3.4.)
Site area				X		(Sec. 5.7.1.)
≤ 15,000 sf				X		(Sec. 5.7.1.)
15,001 - 30,000 sf			X	X		(Sec. 5.7.1.)
> 30,000 sf	X	X	X			(Sec. 5.7.1.)
Sign					X	(Sec. 5.7.1.)

C. Use Standards

Standards applicable to uses in the NM-2 zone are provided or referenced below. Allowed uses are listed in Subsection 1. Uses that are not listed are prohibited, unless a similar use determination is made pursuant to 6.1.2.D. Where a cross reference is provided, please see the referenced division or section for additional standards applicable in the NM-2 zone. This Subsection is intended to indicate all of the use standards applicable in the NM-2 zone, however, all standards in Article 6. are applicable in the NM-2 zone, unless stated otherwise.

1. Allowed Uses				2. Use Requirements	
Use	Permit	Density (max)	Individual Use (max)	Parking (min) (Div. 6.2.)	Affordable Workforce Housing Units (min) (Div. 6.3.)
Residential
