Re: Variance

Dear Planning Director,

I humbly request the consideration of an administrative variance to allow a 6' tall fence along the North edge of my property line for security and life safety reasons.

The property at 505 Rancher Street presents a unique condition in which cars are traveling directly towards the house with no stop sign. I personally witnessed a car slide into the property last winter during icy conditions and a taller more substantial fence would help protect the property and occupants from errant driving due to weather conditions or otherwise. In addition to this life safety concern, automobile headlights regularly flash into the house and ground floor bedroom all evening long.

I would like to request a variance to allow a 6' fence at this location which would match all the neighboring front yard fences along Rancher Street. At your convenience, I would appreciate the opportunity to discuss this matter further as I do believe this is a unique condition of hardship that would not set a precedent for other new developments in the Town of Jackson.

Respectfully,
Austin DePree
