ATTN: Town of Jackson Planning and Building Department  
RE: **Grading Pre-Application Conference Request for 250 E. Karns Ave,  
Jackson, Wyoming**

Dear Planning Personnel:

The attached Pre-Application Request Packet is for a proposed building project of an unattached guest house and garage located at 250. East Karns Ave, Jackson, Wyoming. In accordance with the existing site plan attached, there is an existing residence situated on a town lot with associated parking and utilities. The project area is zoned NH-1 (High Density-1) and is used as a residence. Proposed development includes building an unattached garage and guest house on the south side of the lot. The structure will consist of a garage, two bedrooms, and two baths. Minor grading changes will be made to the existing site, overhead power and neighboring power will be rerouted, and minor adjustments to the existing parking area will be made to accommodate the garage. Water service will be stemmed from the existing water service in the main house following the water meter. The sanitary sewer service for the structure is proposed to be connected to the existing sewer line. Electrical, Natural Gas, and Communication connections will be replaced or adjusted as needed, this work will be coordinated with the utility companies and the owner of Lot 1 who currently has overhead power crossing the project site.

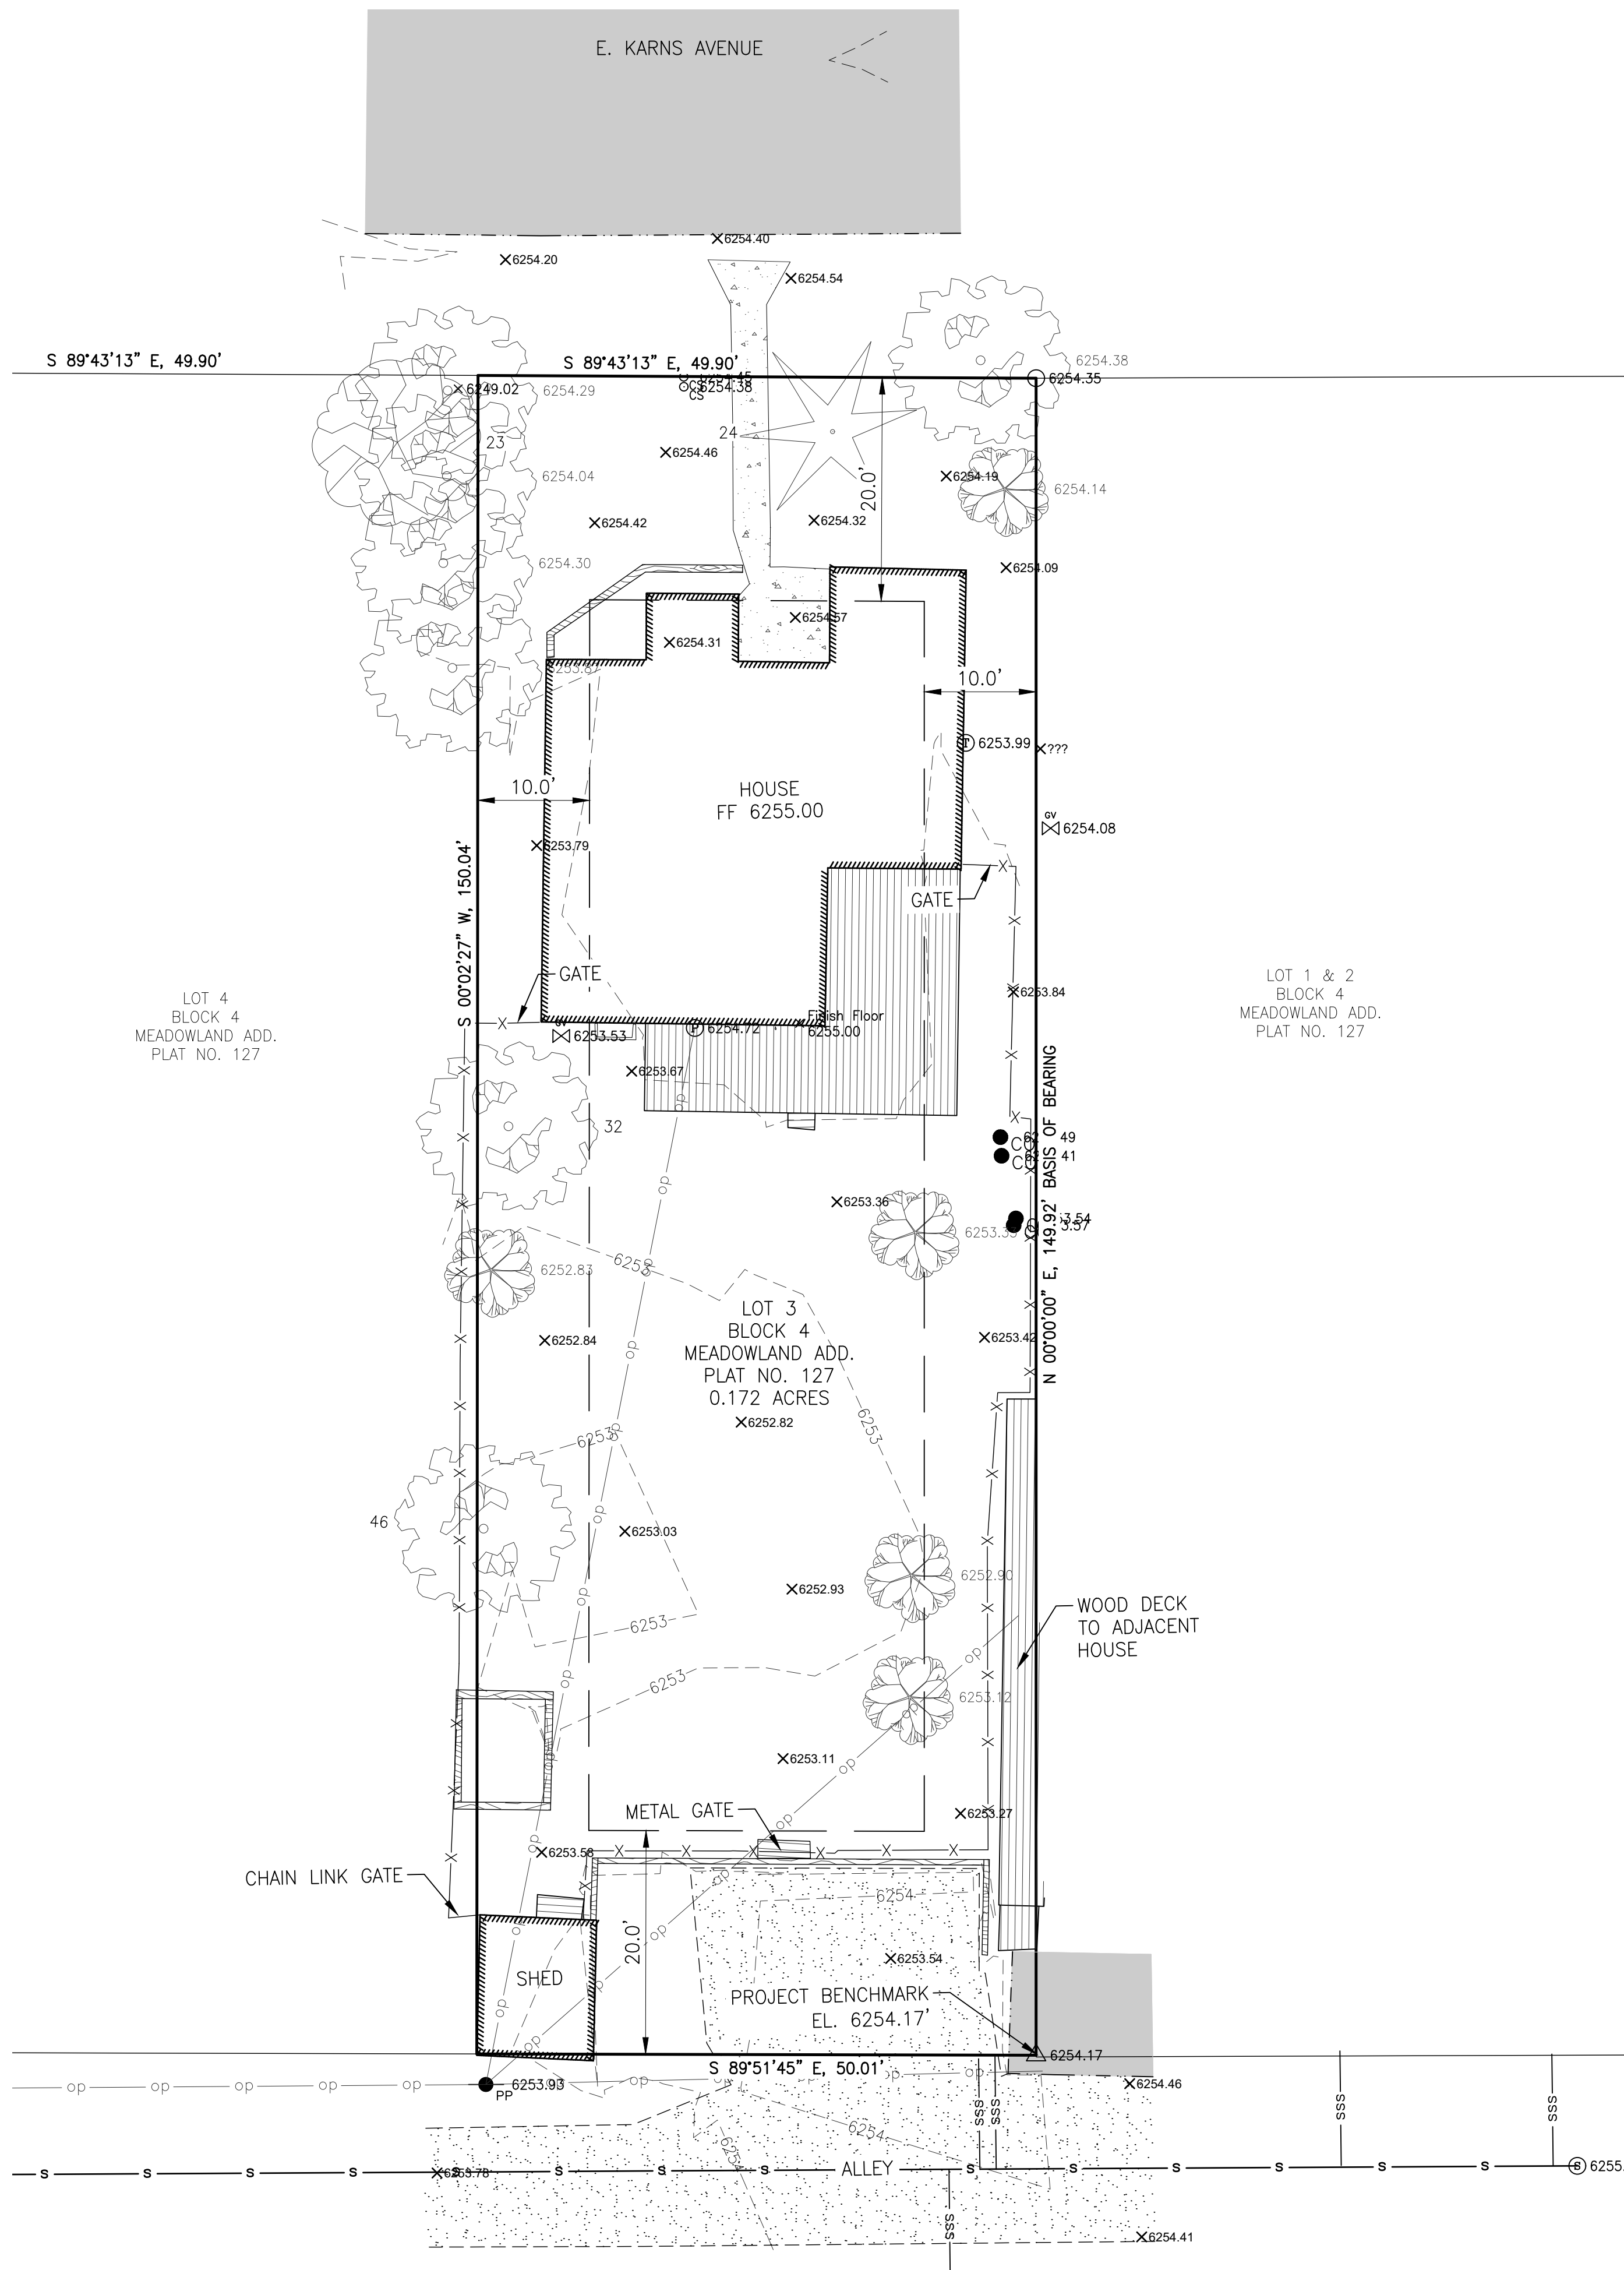

Please do not hesitate to contact me with project inquiries at (307) 733-2087 or [ddufault@nelsonengineering.net](mailto:ddufault@nelsonengineering.net).

Sincerely,

Dave Dufault, PE  
Senior Project Manager
