### REASON FOR CONTACT AND FORCE USED

---

ON February 21, 2022, at 2333 hours JPD Officers were dispatched to east Jackson to investigate a burglary in progress.

Upon arrival the officers located an agitated female in the area. The female attempted to depart as officers contacted her. The female subject displayed signs of intoxication as well as a wound to her wrist which appeared indicative of someone punching through a window to force entry.

Officer detained the female and asked for an ambulance to respond. While waiting for EMS to arrive the female subject was placed under arrest. At this point the female subject attempted to pull away and resist the officers. Officers attempted to handcuff the female subject, but she continued to attempt to wrench away from them. The female subject then struck one of the officers three times in his right leg using knee strikes. The officer used arm drag takedown to ground stabilize the female to prevent her from striking again. The other officer used the female's other arm to slow her fall to the ground preventing injury.

The female was charged with criminal entry, property destruction, and interference with a peace officer. The female later provided a portable breath test sample of a .307%.

Injury to female: LACERATION ACQUIRED PREVIOUS TO OFFICER CONTACT
