Chief of Police

SUMMARY OF USE OF FORCE INCIDENT BY THE JACKSON POLICE DEPARTMENT

FORCE TYPE*

SOFT HAND TECHNIQUE – GROUND STABILIZATION

DATE AND CFS#

6/24/2022 2206-3244

REASON FOR CONTACT AND FORCE USED

On 6/24/2022 at 2234 hours a JPD officer observed a vehicle traveling straight in a right turn only intersection. The officer stopped the vehicle and eventually arrested the driver for Driving Under the Influence of Alcohol.

The driver was handcuffed without incident but when the officers went to search the front pockets of his pants, he began pushing against the patrol car and resisting their efforts at searching him. Because of the resistance the officers lowered the male to the ground where they finished their search of his pockets.

The male complained of pain to his wrist from the handcuffs, which was previously injured in a construction incident. He was checked by medics and at the hospital.

Injury to male: PREVIOUS INJURY PRIOR TO ARREST

Injury to officers: NONE

*LEGEND
