Karns Meadow Park
Pre-Application Meeting Narrative
Tract 5

Karns Meadow is located on Karns Meadow Dr. in the Town of Jackson, Wyoming. This 41.6 acre undeveloped park consists of 6 Tracts and is bordered by roads on all sides with sidewalks on the southern, and a portion of the eastern sides. The Flat Creek runs diagonally through the site, from the northeast to the southwest. All of Karns Meadow is within the Natural Resources Overlay and provides habitat for many species and ecosystem services for the Jackson community.

Presently, Karns Meadow Park Tract 5 is zoned Neighborhood Low Density (NL-1), which is inconsistent with the present and desired future use of the park. We are asking for consideration of a rezone of Karns Meadow Park Track 5 to the Public/ Semi-Public (P/SP) zone. (See Attached Map). A rezone to P/SP for Tract 5 will also be consistent with the allowable uses found in the conservation easement (See Attached Map). Tract 5 is important to the accessibility of the park, as it is the only one that allows the construction of a parking area.

Findings for Approval

1. Is consistent with the purposes and organization of the LDRs;
 - Complies- The Town of Jackson Land Development Regulations Div. 1.3 Purpose and Intent most relevant to this proposal focuses on the Community Vision and Implementation of the Common Values of Community Character. The proposed rezone of Karns Meadow Park Tract 5 will align with these as it is a required step toward the Park contributing to the Community Vision and Character.
2. Improves implementation of the desired future character defined in the Illustration of Our Vision chapter of the Comprehensive Plan;
 - Complies- A rezone to P/SP will align with the Comprehensive Plan Illustration of Our Vision as it states that wildlife use and recreational opportunities will need to be carefully balanced in Karns Meadow, moving forward. Rezoning Tract 5 to P/SP will contribute to this balance, as the conservation easement allows for parking infrastructure, making the park accessible to all. This location also has the least environmentally sensitive land allowing the balance of habitat and recreational opportunities called for in the Illustration of Our Vision.
3. Is necessary to address changing conditions or a public necessity; and
 - Complies- Complete Neighborhoods require Quality Open Space. The Midtown Subarea is dependent on Karns Meadow Park to fill this role and the rezone to P/SP is the first step in allowing it to function as a Quality Open Space.
4. Is consistent with the other adopted Town Ordinances.
 - Complies.
