REVISED

RE: P22-300 Basic Use Permit (BUP) Approval – Short-Term Rentals at 185 N Glenwood Street

Dear Mr. Orthmann,

This is a revised BUP approval letter clarifying which units can and cannot be short-term rented.

On December 30, 2022, the Town of Jackson Planning Director **approved** your request for a Basic Use Permit, specifically to allow short-term rentals for Units 1 – 2, Units 4 – 11, Units 13 – 14, and Unit 16 at the property addressed 185 N Glenwood Street. This approval is subject to the following condition:

1. All units listed above shall obtain a Town of Jackson Short-Term Rental License prior to any short-term rentals.

Staff would like to make clear that only the 13 units listed above can be short-term rented after obtaining a short-term rental license through the Town of Jackson. The following units listed below **cannot** be used for short-term rental at any time in the future regardless of this development's location in the Lodging Overlay. The reason is because this development used a housing bonus called the 2:1 Workforce Bonus that allowed 4 additional market residential units (long-term rental only) and 4 additional workforce deed-restricted units (long-term rental only). As part of using that bonus, none of the resulting units can be short-term rented without exception. Below are the units that cannot be short-term rented:

1. Workforce Bonus Units (Deed Restricted) - #18, #19, #20 & #21
2. Market Bonus Units (Market) - #3, #12, #15 & #17
